### Information:

EXTRALINK exercise mat 180x60 cm with a thickness of 1 cm provides comfort and stable support during yoga, pilates, aerobics and strength training. Made from durable NBR foam, it cushions the body, reduces pressure and is easy to clean. The non-slip grooved surface increases safety and prevents the mat from slipping. Lightweight, compact and easy to roll up, it is suitable for use at home, in the gym and outdoors.

### Full product description

## EXTRALINK FITNESS YOGA AEROBIK EXERCISE MAT GREY 180X60 - Comfort and support during any workout.

**EXTRALINK Exercise Mat** is the perfect solution for anyone who values comfort and safety during training. **High quality workmanship, non-slip properties and universal design** make this mat an indispensable part of your physical activity. Indulge yourself in comfort and maximum support, regardless of the intensity of your exercises!

## Versatility for any workout

**EXTRALINK Exercise Mat** is great for a variety of activities such as yoga, pilates, aerobics and strength training. **The dimensions of 180x60 cm and thickness of 1 cm** provide sufficient space and comfort during exercise. Thanks to its versatile use, this mat is ideal for both home training and gym or outdoor activities.

### Anti-slip properties for safety

The mat is equipped with **special grooves that prevent shifting** during training. **The non-slip surface** provides maximum stability, so you can focus on precise exercise without worrying about your safety. It is ideal for those who want to avoid injuries and trauma.

### Durable and comfortable NBR foam

Made of high-quality **NBR foam**, the mat provides excellent support and comfort. **The flexible design** adapts to your body, reducing pressure and allowing you to comfortably perform even the most demanding positions. In addition, the mat is easy to clean, ensuring hygiene during regular use.

### Compact and easy to transport design

When your workout is over, simply roll up the mat to take up minimal space. **The lightweight design** and compact size when folded make it easy to store at home or take with you to class.
