Full product description

360 Smart Camera AC1C

The **360 AC1C Pro** is a small **smart camera** designed to keep an eye on your home or office. The **360 AC1C Pro** has the processing power and artificial intelligence, so it can tell a person from an object and even **recognize faces** with its advanced algorithms. The camera recognizes faces without any additional systems or charges. Receive a special notification when the 360 AC1C Pro indoor security camera spots a person.

Simple installation and easy configuration

Setup takes no more than **3 minutes**! The **360 AC1C Pro** is a smart camera that fits on your desk, it can be stuck to the wall with double sided adhesive tape or it can be attached to metal surfaces with its magnetic base. Then just plug it in and it's **ready to go**.

Vertical placement

Magnetic absorption

Attach with
3M adhesive

Wide viewing angle and convenient video storage

With **its innovative lens**, the smart camera can see as wide as **130°**, increasing its viewing range. The **360 AC1C Pro** smart camera can record video to a memory card and also connect wirelessly to **cloud storage**, protecting your files from unwanted events. Now you will be able to view your video files while away from the camera.

Lots of smart features

The **360 Smart AC1C Pro camera** has a built-in microphone with good noise cancellation, allowing you to make two-way voice calls. The person you are talking to with your **smartphone** can talk through the camera from **anywhere in the world**. Improved infrared night vision makes images clear and sharp, even at night.
