Botslab

Manufacturer: BOTSLAB

Referention number: DNXGHJJOKRMMLK

Information:

Botslab W315 is an advanced surveillance camera with dual 4MP+4MP lenses, providing a very clear image and full control over home security. It offers full-colour night vision, 360° rotation and intelligent motion tracking, so it effectively monitors every area around the clock. Support for Wi-Fi 6 and a LAN connection guarantees a stable connection and fast live viewing. Two-way audio, a light and sound alarm, and IP66 resistance make the camera practical, reliable and ready to operate in all conditions.

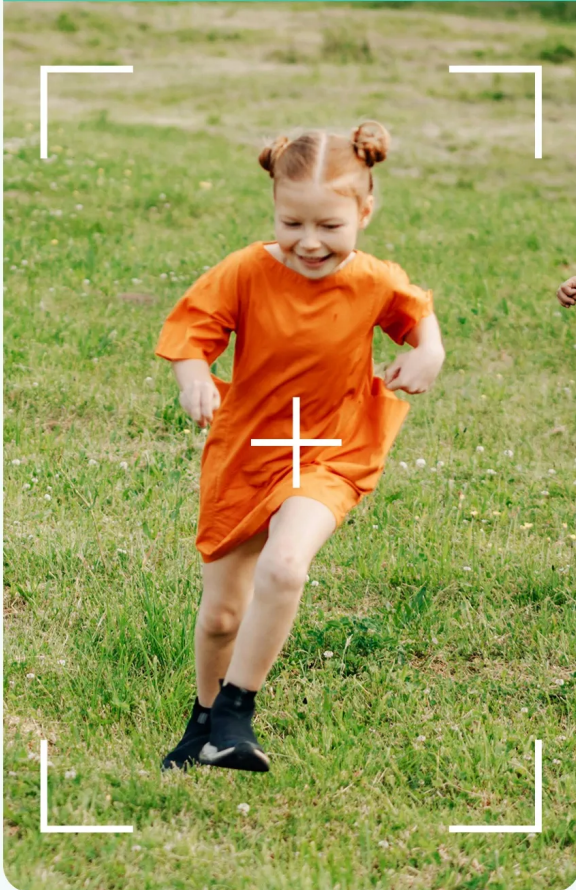

Full product description
