Botslab

Manufacturer: BOTSLAB

Referention number: DNXGHJJOJMMKL

Information:

BOTSLAB W312 is an outdoor 2.5K (4MP) surveillance camera that delivers a clear image thanks to its CMOS sensor and F1.6 aperture, even in low light. The wide field of view, 340° rotation and 90° tilt eliminate blind spots, while night vision up to 30 m and colour night mode ensure effective monitoring after dark. Intelligent AI analysis recognises vehicles and movement, supports detection of illegal parking, and activates a light and sound alarm. Recordings can be saved to a microSD card of up to 256 GB or to the cloud. The camera supports 2.4/5 GHz Wi-Fi, a mobile app, Alexa and Google Assistant, as well as two-way voice communication.

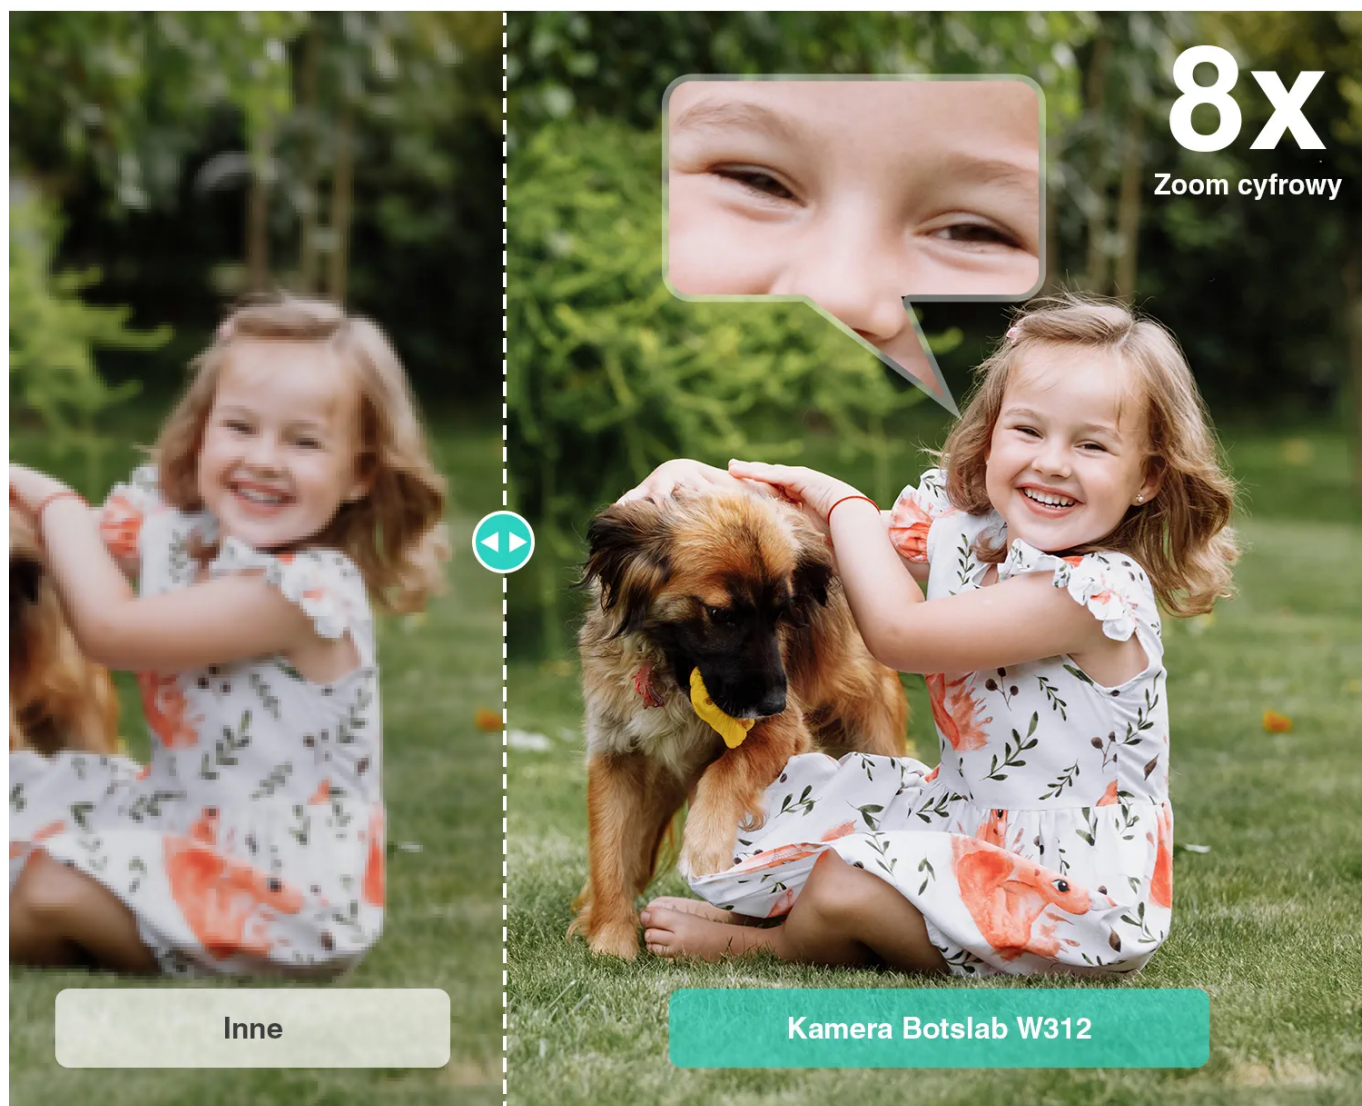

Full product description

Advanced technology for your safety

The BOTSLAB W312 camera is an outdoor surveillance camera that provides exceptional image quality at 2.5K (4MP) resolution. Thanks to its F1.6 aperture and CMOS sensor, it captures the finest details, even in lower light conditions. The use of 2.4GHz and 5GHz Wi-Fi connections guarantees stable and fast data transmission, eliminating interference and ensuring the reliability of monitoring around the clock.

Wysoka rozdzielczość 4 MP

Full control over your environment

With a wide viewing angle of 109.6°*91.5°*46.1° and the ability to rotate the camera by 340° and tilt it by 90°, the BOTSLAB W312 camera eliminates blind spots, providing a complete view of the monitored space. The night vision function and IR LEDs enable clear night vision up to 30 meters. A color night mode and four LEDs provide excellent visibility regardless of lighting conditions.

Automatyczne śledzenie AI

Wykrywanie i śledzenie ruchu człowieka

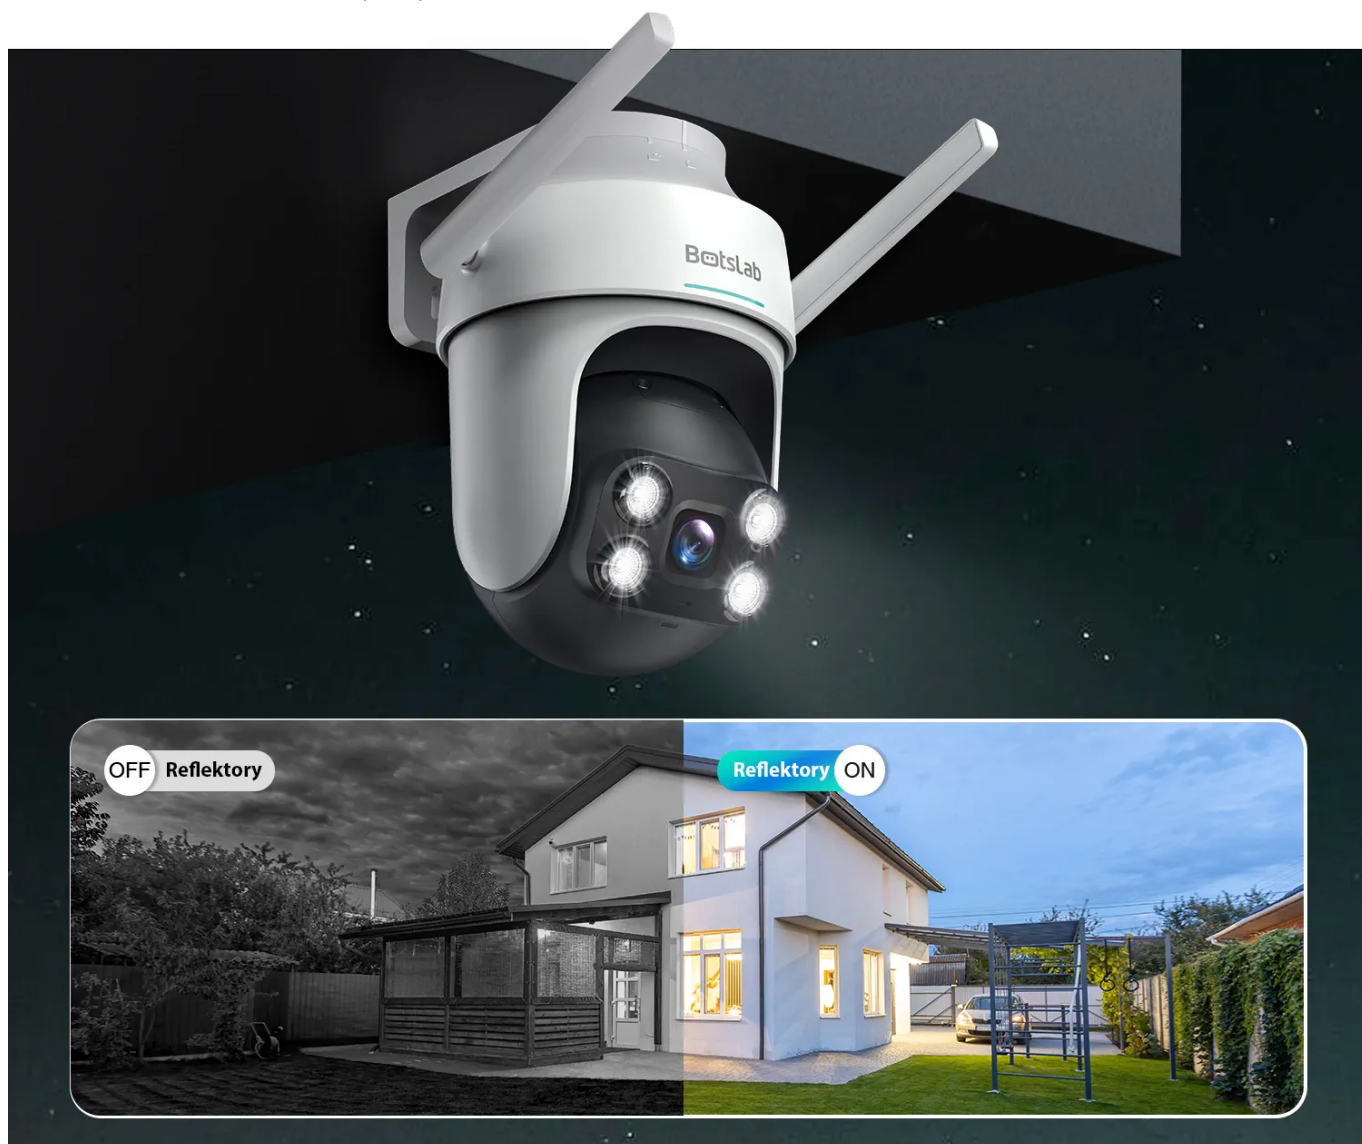

Intelligent monitoring through artificial intelligence

The BOTSLAB W312 camera is equipped with **advanced artificial intelligence** that **recognizes vehicles, monitors illegal parking** and **tracks object movement**. With a **1.2T AI chip**, the system offers **two-way zoom**, as well as **light and sound alarms**, allowing it to **respond quickly to threats** and **effectively deter intruders**.
