Manufacturer: CAMBIUM

Referention number: DNXXGGHHKDRMLIO

Full product description

Price for one device, to set up a point-to-point link you need to buy 2 units

Utilizing the latest **802.11ax technology** and Cambium Networks' proprietary ePTP mode, the **Force 425/400C** offers high spectral efficiency with features such as **1024 QAM, 80 MHz** channels, a high-performance frame structure and a proven ePTP air interface. The Force 400 series provides performance **up to 1 Gbps** with **less than 5 ms** latency. All devices operate in the **4910 to 6135 MHz** frequency range. In addition to a single 100/1000 BaseT port, compatible with Cambium PoE and Standard PoE, there is **1 x SFP** for direct connection to fiber.
