Information:

Extralink 1U 19" is a metal cable organiser designed for 19" rack cabinets, helping to keep patchcord cabling tidy. It works well in both wall-mounted and floor-standing cabinets, taking up little space while effectively organising the cables. The 1U working height makes installation in a standard rack frame easier, and the lightweight construction ensures simple installation and removal. The product meets the requirements of ISO9001, RoHS, CE, UL and ETL standards.

Full product description

Extralink 1U 19" - cable organiser with metal cover

The Extralink organizer serves as a **guide for patchcords in rack cabinets**. It is mounted in standard 19" racks, helping to keep them tidy. Organizers can be used in both hanging and standing 19" racks. They take up little space and significantly improve the placement of cables inside the cabinet. Their working height is 1U.
