Information:

Extralink 19" fan panel is a practical ventilation panel for rack cabinets, equipped with 2 fans, a thermostat and a digital current temperature display. The temperature sensor with a 1.8 m cable and the 1.7 m power cable ensure convenient installation and operation. The front panel with display and buttons allows easy temperature setting, and the fans start automatically once it is reached, helping to maintain optimal operating conditions for equipment. Dimensions: 192 x 483 x 44.45 mm.

Product features

Power source	AC
Input voltage	240 V
Built-in blower fan	Yes
Rack capacity	1U
Hot-swap	Yes
Size (imperial)	19 "
On/off switch	Yes
AC input frequency	50 Hz
Product colour	Black
Watch case material	Metal
Type	Fan panel
Product weight	4800 g

Full product description

Extralink 19" fan panel, 2 fans, with thermostat

The **ventilation panel** includes **2 fans**, **temperature sensor with 1.8m cable**, **1.7m power cable**, **digital indicator of current temperature**. The presented product is designed for *19" cabinets*. The front panel has a thermostat display and buttons for setting the temperature.

Extralink ventilation panel is used to **maintain the proper temperature** in the equipment. A detector **regulates the temperature**. The fans start working when the temperature in the cabinet reaches the factory-set temperature. Product dimensions are: **192 x 483 x 44.45 mm**.
