Price: **419.50 zł** gross / 341.06 zł net

Manufacturer: CISCO

Referention number: DNXGFOQNIRMMPN

Product features

Storage relative humidity (H-H)	5 - 90%
Product type	Tabletop router
Height	29.972 mm
LED indicators	Yes
Routing protocols	RIP-1
Firewall	Yes
Width	150.114 mm
Depth	199.898 mm
Security algorithms	IPSEC
Storage temperature (T-T)	-20 - 70 °C
VPN tunnels quantity	10
Package weight	1202.02 g
Humidity measurement range	10 - 85%
Ethernet LAN interface type	Gigabit Ethernet
Networking standards	IEEE 802.1x
Ethernet LAN (RJ-45) ports	4
DC-in jack	Yes
Country of origin	China
Operating temperature (T-T)	0 - 40 °C
Package depth	288.798 mm
Package height	106.934 mm
Package width	249.936 mm

Cabling technology	10/100/1000Base-T(X)
Quality of Service (QoS) support	Yes
Management protocols	SNMP
Web-based management	Yes
Ethernet LAN	Yes
Top Wi-Fi standard	Wi-Fi 5 (802.11ac)
Processor cores	2
Power source type	DC
Built-in processor	Yes
Antenna design	External
Antennas quantity	2
Product colour	Black
Network address translation (NAT)	Yes
DoS attack prevention	Yes
DMZ support	Yes
Ethernet WAN	Yes
Port forwarding	Yes
Multicast support	Yes
Static route	Yes
DHCP client	Yes
DHCP server	Yes
Product weight	629.93 g

Full product description

Cisco RV160W-E-K9-G5 is the perfect solution for small businesses

Cisco RV160W-E-K9-G5 is a business-class router that complements the series of devices dedicated to small businesses. This router is equipped with **10/100/1000Base-T(X)** cabling technology that ensures data transfer speed of **1000Mbps**. Cisco RV160W-E-K9-G5 is also equipped with 4 Ethernet LAN ports (RJ-45), 1 USB type 2.0 port, one WAN port (RJ45 WAN port or SFP) and DC output socket. And the router has **Dual Band WiFi** (2.4GHz and 5GHz)

Performance, flexibility and security - in one router

The Cisco RV160W is an excellent choice for businesses that need a combination of **performance, security, reliability, and flexibility**. With a single Gigabit Ethernet WAN port, as well as **3G / 4G** connectivity, you can connect to multiple service providers for a powerful load-balancing network. And with a proven **SPI firewall** and **hardware encryption**, you are assured of business-class security.

Simple configuration

With an intuitive browser-based **device manager and setup wizard**, it only takes a few minutes to set up the device to your needs. The product also **manages large files** with ease, keeping your employees productive at the same high level.

A secure network for employees

Your business and its employees are vulnerable to phishing, keyloggers, spyware, drive-by malware and other online threats. With new models

with **web filtering**, you can protect your employees and users from unwanted content. You'll eliminate unwanted web traffic, **increase productivity** and **automatically** protect against malicious websites.

The heart of your business

Network connectivity is the heart of any small business, and **secure access, firewall, and high performance** are the foundation of every Cisco® Small Business RV Series router. The Cisco RV160W is no exception. It features intuitive user interfaces so it's up and **running in just minutes**. This powerful router provides reliable, **highly secure** connectivity for you and your employees.
