Price: **730.55 zł** gross / 593.94 zł net

Manufacturer: CISCO

Referention number: DNXGFOQOFRMMNO

Product features

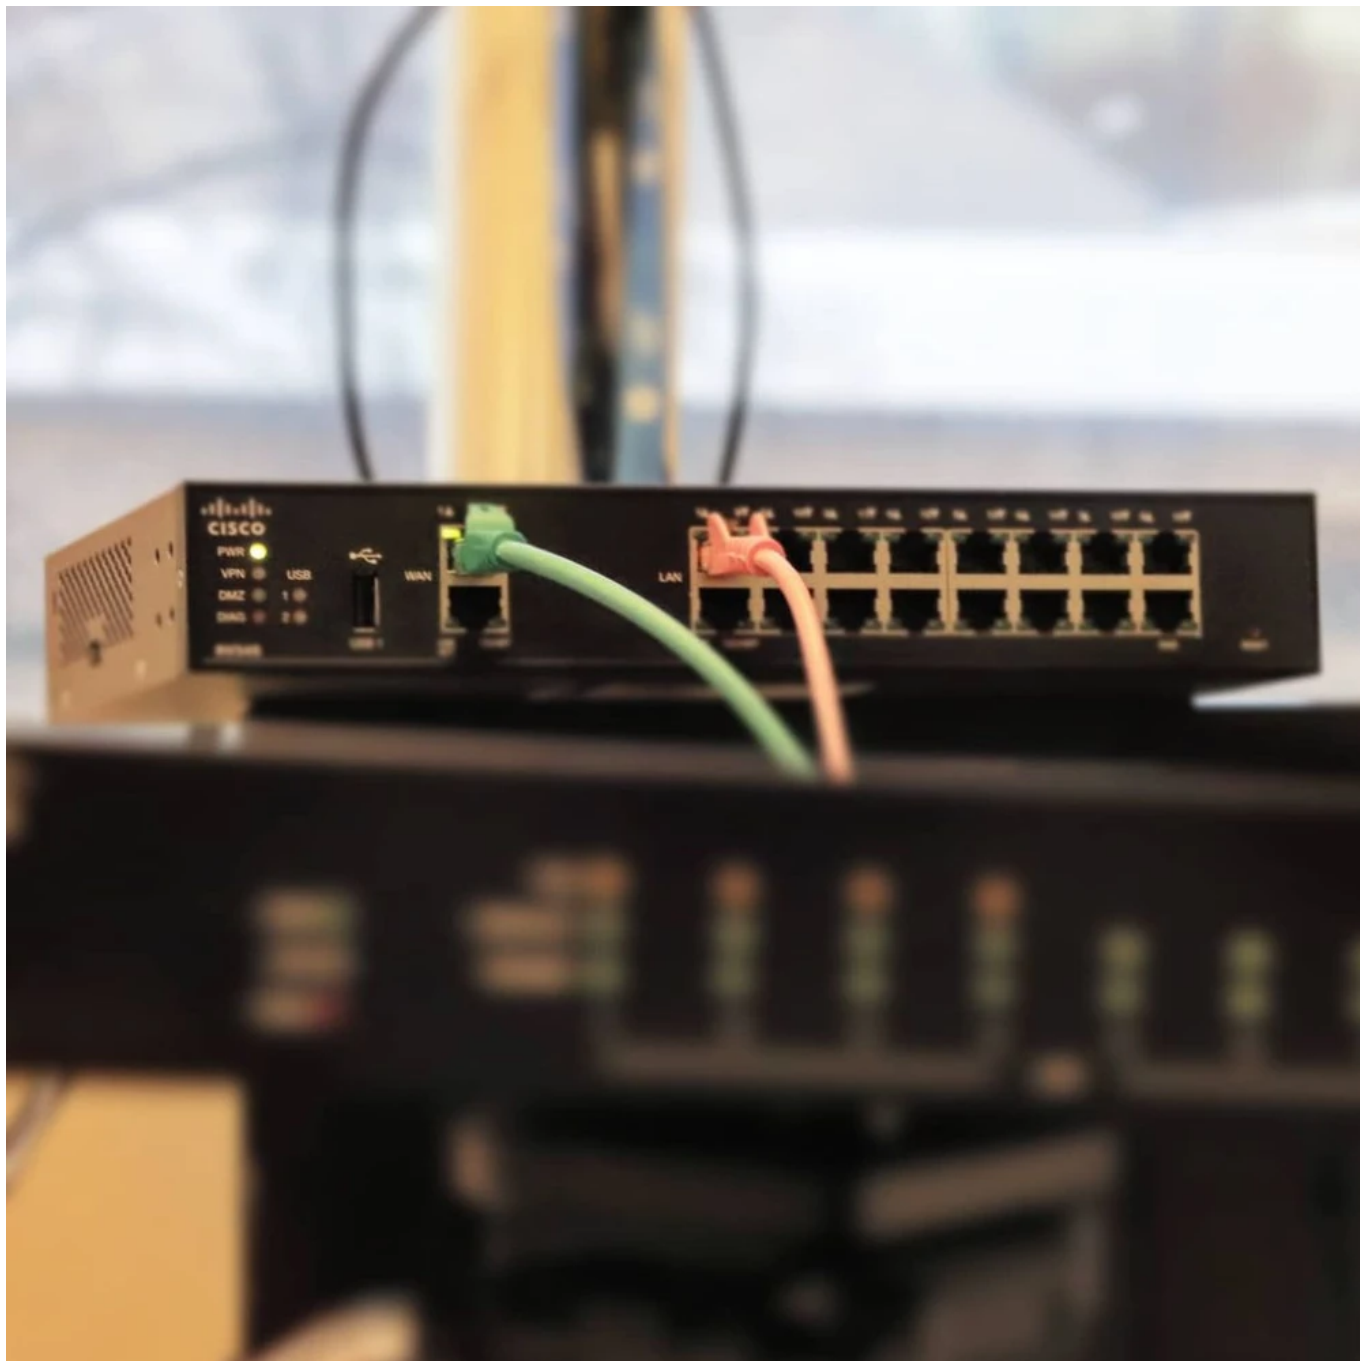

Regulatory Approvals	FCC A, CE B, UL, cUL, CB, CCC, BSMI, KC, Anatel
Storage relative humidity (H-H)	5 - 90 %
Height	44.45 mm
Routing protocols	RIP-1
Firewall	Yes
Width	171.45 mm
Depth	279.4 mm
Security algorithms	SNMP
Storage temperature (T-T)	0 - 70 °C
Cables included	AC
Rack mounting	Yes
USB ports quantity	2
Package weight	2534.67 g
Humidity measurement range	10 - 85%
Harmonized System (HS) code	85176990
VPN support	IPsec, L2TP, SSL VPN, PPTP
Networking standards	IEEE 802.1x
Ethernet LAN (RJ-45) ports	16
Flash memory	256 MB
Country of origin	China
Operating temperature (T-T)	0 - 40 °C
Package depth	334.8228 mm

Package height	79.248 mm
AC adapter included	Yes
Package width	290.2458 mm
Quality of Service (QoS) support	Yes
Supported network protocols	IPv6
Management protocols	HTTP/HTTPS
Firmware upgradeable	Yes
Web-based management	Yes
Internal memory	1000 MB
Ethernet LAN	Yes
AC input voltage	100 V
Power source type	AC
Product colour	Black
Network address translation (NAT)	Yes
DMZ support	Yes
Ethernet WAN	Yes
Port forwarding	Yes
DHCP client	Yes
Product weight	1133.98 g

Full product description

Cisco RV345 - the router designed for small businesses

Small businesses are constantly exposed to online threats. The **Cisco Rv345 Dual WAN** Gigabit VPN Router connects small businesses to the **Internet** and protects employees from unwanted content and malicious websites **without compromising the online experience**. The routers help increase employee productivity and overall **network efficiency** by limiting Internet surfing to appropriate site categories and eliminating unwanted network traffic.

Good protection on the Internet

Users are automatically protected from malicious or hacked websites, regardless of site categorization. **End devices and applications** can be identified and processed according to user-defined policies to improve **performance and optimize** network usage.

Features and benefits

- 2 WAN ports (RJ-45) enable load balancing and fault tolerance
- 16 LAN ports (RV345) provide a small device size with sufficient number of ports
- 2 USB ports support 3G/4G modem or flash drive
- Flexible VPN functionality for secure connections
- Support for Cisco AnyConnect® Secure Mobility Client, ideal for remote access via mobile devices
- Dynamic web filtering helps improve the Company's performance and security when connecting to the Internet
- Identification of clients and applications enables Internet access policies for end devices and Internet applications to ensure performance and security
