Full product description

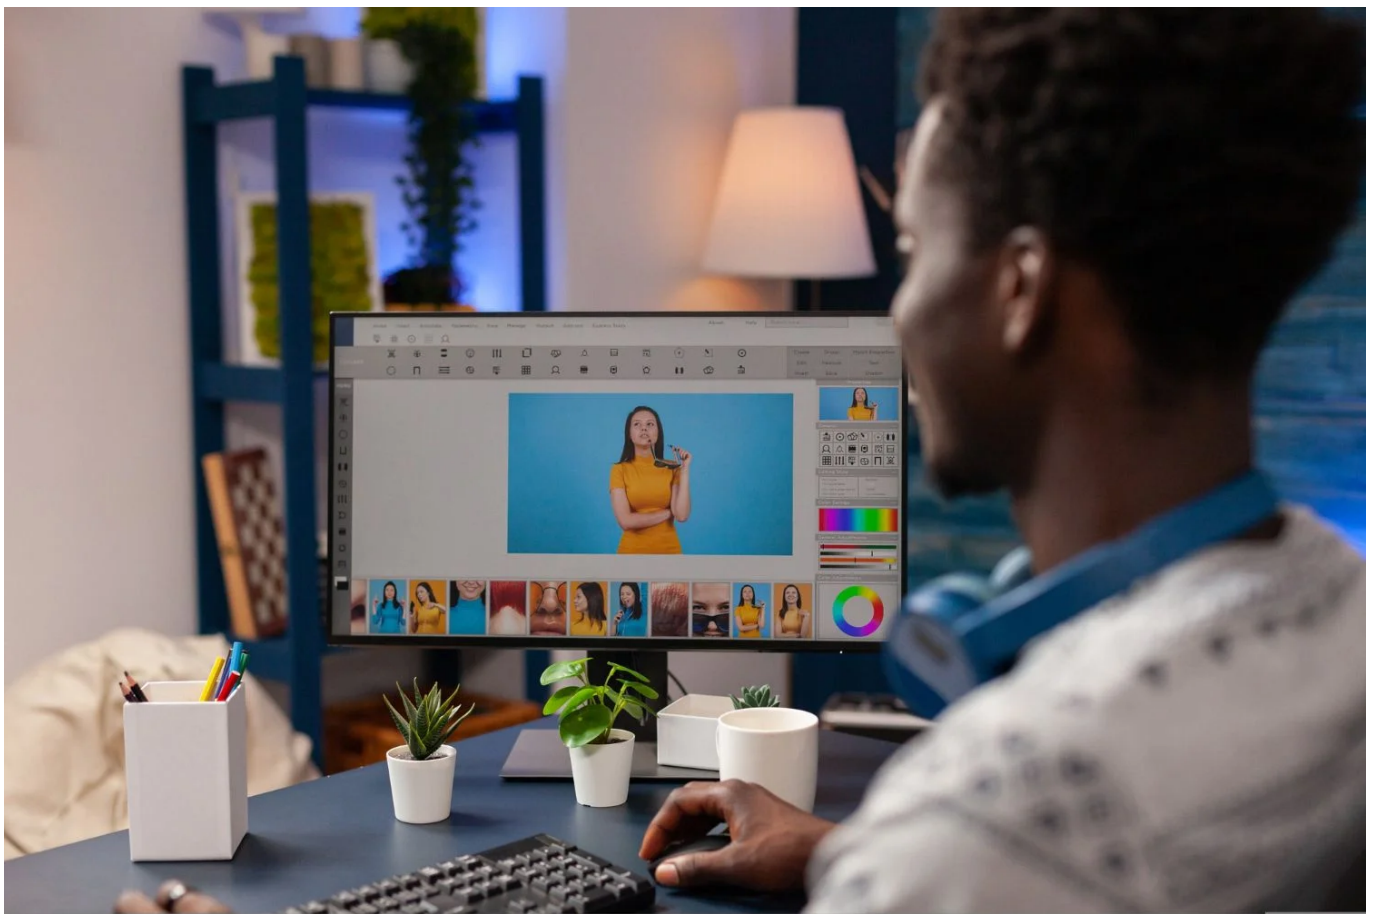

DELL P2219H MONITOR 21.5" IPS FULL HD 1X HDMI, 1X DP, 1X VGB, 2X USB (210-APWR)

Extremely practical monitor for both home and office. Its small size makes it perfect for a smaller desk. **21.5 inches** is an inconspicuous size, but you can easily perform most of your tasks on it. **Full HD 1920x1080** resolution with support for **16.7 million colors** will allow you to enjoy the depth of colors. In addition, the weight of 2.8 kg allows you to easily move the monitor from one place to another in just a moment.

Make yourself comfortable at work

Working at a computer is a demanding task. Therefore it is worth choosing a monitor that will take care of your comfort, eyes and spine. **ComfortView** effectively reduces excess blue light. Which irritates your eyes. Also the **flicker-free function** is useful if you work long hours at the screen. In addition, the **matte coating** minimizes the risk of unwanted reflections. You can **easily adjust the monitor** both in height and viewing angle, so you can work longer hours at the screen. Wide **178/178 degrees** viewing angle allows you to adopt several comfortable positions and still see what's on the screen.

Focus on productivity and better results

When working both in the office and at home, you are certainly focused on efficiency, so it is worth starting with **DELL Display Manager** software. Thanks to it you will be able to work on several applications simultaneously. You can personalize up to **5 windows** in terms of the applications you need. In addition, you have **38 preset layouts** at your disposal. You can choose the one that suits you best and you're good to

go. In addition, automatic saving of the last work settings allows you to return to the project as soon as you turn on the computer, saving time on finding applications in which you worked.

See how you connect

In the monitor you will find several practical connectors such as **VGA** or **HDMI** and **DP**. It is worth noting that you will find up to 5 USB connectors. **2 connectors are USB 2.0, 2 USB 3.1 inputs and 1 USB 3.1 Gen. 1 Type-B**. So if you operate on a flash drive or portable drives, this monitor can easily handle the connection. In addition, you will find two cables in the box. One of them is a DP cable. And the other one is a SuperSpeed USB cable, which you will definitely find useful.
