Full product description

DELL P2421DC

It is a monitor designed for office and home use impresses with its functionality, while taking care of your eyes with eye protection technologies. High coverage of the **sRGB** color space and good factory calibration result in a properly displayed image with vivid and saturated colors. With its **WQHD** panel, this monitor will work well with spreadsheets, text documents, as well as web browsing or multimedia.

Benefits of the DELL P2421DC

The connection with only one cable gives us the ability to quickly change positions without tiring of cabling. Connect the monitor to a notebook without worrying about batteries thanks to its low **65W** power consumption.

Convenience at work

By **adjusting** the **height**, **rotating vertically** and **tilting** the monitor according to your needs, you can work comfortably all day long. The space-saving stand allows you to organize your desk more easily. Plus, reduce eye fatigue with flicker-removing technology that reduces as much as 60% of eye-damaging blue light emissions.

Small reflection on the environment

This monitor complies with current environmental regulations and standards, such as **ENERGY STAR®**, **EPEAT®**, **RoHS** and **TCO** certification. With the PowerNap feature, which is designed to save power, the monitor will be put into sleep mode when not in use.
