Full product description

Benefits of the DELL P2422H

Keep your eyes more comfortable with the built-in **ComfortView Plus** filter, which reduces the emission of eye-damaging blue light while enabling accurate color reproduction. On top of that, the built-in **IPS** technology will let you admire consistent, vivid colors with a wide viewing angle. With **99% coverage of the sRGB palette**, you'll get accurate color reproduction right out of the box. With the ability to hide cables in the monitor's pedestal, your desk will always be tidy. And on top of that, the ability to **tilt, rotate vertically and adjust the height** of the monitor will take care of your comfort and convenience from work.

Improved productivity

- With a large number of ports such as : DisplayPort, HDMI, VGA and 4 SuperSpeed 5Gbps USB ports, you can connect this monitor to multiple devices.
- Easy menu navigation with an easy-to-use joystick .
- The design with a thin bezel on three sides allows you to view images on multiple monitors without any obstructions. Plus, by working on two monitors, you can increase your productivity by up to 21%.

Dell Display Manager

- The **Easy Arrange** feature allows you to quickly customize and set up applications on multiple screens using **38 ready-made templates** with up to five customizable windows. This arrangement of space makes it much easier to perform multiple tasks simultaneously.

- The Auto Restore function remembers the layout of windows and applications when you stop working and restores the final state even when the monitor is disconnected.
- Keyboard shortcuts allow you to easily configure display management settings, and thus get started more quickly.

With ecology in mind

- Environmental standards - The monitor complies with the latest environmental regulations and standards, such as **Energy Star®**, **EPEAT® Gold** and **TCO Certified Edge Displays**.
- To minimize the environmental impact of production, the monitor's packaging is made of at least **75% recycled cardboard** and **contains no polystyrene**.
- Save more electricity with the PowerNap feature, which dims the screen or puts it into sleep mode when not in use.
