Full product description

Rich views in stunning 4K resolution

The **three-sided design with ultra-thin bezels** in 4K UHD resolution allows you to enjoy incredible clarity and image detail at 4 times the resolution of Full HD. **Vertical Alignment (VA)** display technology along with wider color coverage of 99% sRGB and 90% DCI-P3 allows you to see rich colors, greater depth and a wider range of hues.

Excellent sound

Premium sound: experience realistic sound, pulsating beats and a heightened cinematic experience with built-in dual 5W speakers. This TÜV-certified monitor has a flicker-free screen with **ComfortView**, which reduces harmful blue light emissions. It's designed to optimize eye comfort even during prolonged viewing - such as during your next movie marathon.

Designed to fit your lifestyle

The **modern, sleek design with** a subtle textured pattern on the back of the monitor has its own unique look. Built-in dual HDMI ports keep your devices connected and allow you to effortlessly switch between streaming and console gaming. Watch multiple types of content from two different PC sources at the same time with **PBP** - this feature splits the screen into two sides, or PIP allows you to view two images simultaneously by placing a small window inside the main window.
