Manufacturer: DELL

Referention number: DNXXGGHQPMRMNHI

Product features

Response time	8 ms
sRGB coverage (typical)	96 %
Maximum refresh rate	60 Hz
Resolution	3840 pixels
Power consumption (max)	260 W
Package weight	25600 g
Power consumption (typical)	64.3 W
Pixel density	103.23 ppi
Power consumption (off)	0.2 W
Power consumption (standby)	0.3 W
Package depth	1139.95 mm
Package height	735.08 mm
Weight (with stand)	17600 g
Package width	289.81 mm
Operating altitude	0 m
Swivel angle range	0 °
Energy consumption (SDR) per 1000 hours	64 kWh
Display diagonal	42.5 "
Height (with stand)	655.2 mm
Depth (with stand)	249 mm
Width (with stand)	967.2 mm
AC input frequency	50 Hz

Tilt angle range	-5 °
Adjustable height (max)	60 mm
Weight (without stand)	13200 g
Height (without stand)	564.4 mm
Depth (without stand)	59 mm
Width (without stand)	967.2 mm
Panel mounting interface	100 mm
Viewing angle, vertical	178 °
Viewing angle, horizontal	178 °
Response time (fast)	5 ms
Display brightness (typical)	350 cd/m2
Viewable size, horizontal	941.18 mm
Viewable size, vertical	529.42 mm

Full product description

DELL U4320Q MONITOR 42.5" IPS 4K 2X HDMI, 2X DP, 2X USB TYPE C (2210-AVCV)

An extremely practical monitor, especially if you need more space to work. With its **42.5" diagonal**, this monitor is the perfect screen to give you full freedom of movement. In addition, you can connect additional computers at the same time, making your productivity incomparably better. The **4K resolution of 3840 × 2160**, is really a very good solution if you are looking for a screen that gives the full depth of the image.

You'll have more room to grow

With a diagonal screen of 42.5 inches, there's plenty of room to work. But in case that's still not enough for you, you can run **the PBP** (picture-by-picture) **function**. By connecting up to four other computers, you are able to edit data on all devices at the same time. The **4K UHD resolution** (3840 × 2160) and quite **a high pixel density** (103 PPI) will allow you to see even the smallest elements in the image. You won't miss a thing. With a contrast ratio of **1000:1** and support for **1.07 billion colors**, each of the images, presentations or videos will have a full range of shades, and the depth of the image will gain expression.

Boost your productivity at work

With **EasyArrange**, you can easily switch on your favorite desktop applications at the same time. With **38 layouts** to choose from, you're sure to find the one that's most practical for you. With **DELL Display Manager** software, multitasking and productivity will take on a new meaning. By automatically restoring the windows you were working in just before your session ends, you'll get back to the work you interrupted. You will shorten your time when you start working. Moreover, shortcut keys will also help you set up all the functions.

Practical and comfortable design

You can easily adjust the monitor to your needs. If you work in front of the screen for a long time, it is worth to change your position from time to time. **You can easily change the height of the monitor and its angle, and even turn** it to a side that is more comfortable for you. Small, but stable construction of the stand will ensure that not only the monitor will be in place without any wobbling, but also you will gain a lot of free space. To protect your eyes DELL designed the screen with flicker eliminating function, so your eyes will not be so tired even after several hours of work in front of the monitor. In addition, **ComfortView technology** reduces harmful blue light to your eyes, giving you greater comfort and the ability to fully focus on the task at hand.

For a stable connection between your computer and monitor, it's a good idea to make sure you're fully charged first. Thanks to the **USB-C** connector, you have the possibility of **90 watts** of power, which for a 42.5 monitor. In addition, USB ports have been placed on the side panel, so if you want to quickly connect something then nothing will stand in your way. In addition, you also have at your disposal, among other things, **2 HDMI connectors** and a **DP port**. **HDMI-CEC** gives you practical support for scheduling or manual power off and on (**Zoom Room**).
