Full product description

Bike pannier under the frame - comfort and functionality while riding

Make sure you're comfortable on long bike rides with **an under-frame bike pannier** that will hold all your essentials while you ride. With adjustable Velcro straps and waterproof materials, the bag provides easy access to stored items, even in harsh conditions. **The bike pannier is an accessory** that combines functionality with convenience.

High quality materials

The bicycle bag is made of **high-quality materials** that ensure its durability and resistance to mechanical damage. Thanks to **waterproof materials**, the contents of the bag are protected from moisture and rain, allowing you to use it all year round. **The pannier** is resistant to harsh weather conditions and provides protection for stored items, such as **a phone** or wallet.

Easy installation on the bike

The bike bag is easy to **attach** to the bike frame thanks to the **adjustable Velcro straps**. Installation is fast and convenient, no special tools are required, and the attachment is very stable. **The under-frame b**icycle **bag** is compatible with most bicycles, making it fit a variety of models.

Capacity and space organization

The under-frame bicycle pannier is **roomy** enough to hold all the accessories you need while riding. **The zippered pocket** allows you to keep small items like keys and **phone** in a safe place. Thanks to the thoughtful organization, you can have everything at hand without having to stop while riding.

Versatility and safety

The **bicycle pannier** is **universal** and fits different types of bicycles, making it suitable for both amateur and professional cyclists. The **Velcro attachment** ensures that the bag won't move while riding, ensuring **safety** and stability. Whether you're riding in the city or on the trail, **the bag** keeps you comfortable.
