Full product description

The perfect gift for your child

When you are wondering what gift to give your child, **the Denver SCK-5400 electric scooter** will be the best choice. It is equipped with a high-capacity **2000mAh** battery, a **maximum speed of 6km/h** and a **range of up to 6km**. It can be used in two ways - as a regular scooter or an electric scooter. Whether it's a birthday, graduation or Christmas, the Denver scooter will be a great surprise gift for children.

Key features of the Denver SCK-5400 scooter

- 80W motor
- Maximum speed up to 6 km/h after engine start
- For children weighing up to 50 kg
- Colorful LED light on the side of the scooter and on the front wheel
- Built-in 21.6 V 2.0 Ah battery
- Driving range up to 6 km
- Foot brake on the rear wheel
- Height-adjustable steering wheel
- IPX4 splash resistance

Designed for children

The **Denver SCK-5400 electric children's** scooter is easy to use, and is ideal for children ages 6-10. As your child grows, the scooter evolves with the young rider. The scooter has **adjustable handlebar height** to suit your child's preferences and needs. **Kickscooter weighs only 6 kg**, with a maximum load of 50 kg.

Rainbow LED lighting

There are **flashing rainbow LED lights** on the sides of the children's scooter and on the front wheel. The beautiful and dynamic light bar will make your childhood full of energy and joy. The bright lights can also attract the attention of the crowd, remind vehicles coming from behind to keep their distance and increase the safety of night riding.

Safe and robust

For ultimate durability, the **Denver SCK-5400 kick scooter** has a sturdy and durable **aluminum alloy frame** that is compression-resistant and has a long service life. For safety, **the motor only assists in maintaining the speed** given by pushing off with the foot, while reinforced rubber non-slip wheels and brakes on the rear fenders ensure safe and quick braking.
