Information:

DIXIX PG-6302 Personal Groomer is a universal, compact set for comprehensive grooming for women and men. Four interchangeable heads enable shaving, trimming, facial cleansing, and safe removal of hair from the nose and ears. Stainless steel blades ensure effective and precise performance, and the option of dry and wet use increases the comfort of daily grooming. Waterproof, easy-to-wash attachments make it easier to maintain hygiene. The ergonomic, lightweight design and power from a single AA battery make the trimmer ideal for use at home and while travelling.

Full product description

A comprehensive care kit for everyone

The **DIXIX PG-6302 Personal Groomer (Quartet)** is a versatile personal grooming kit designed for universal use. Regardless of gender, this single device offers **four interchangeable heads** that make taking care of yourself simple and convenient. Its design and functionality address the need for comprehensive and gentle care.

Advantages of the DIXIX Mini Personal Groomer Hair and Beard Trimmer

- **Versatility:** Four interchangeable heads allow you to shave, trim, cleanse and groom your nose with one device.
- **Hygiene:** A simple system of cleaning and washing the attachments under water keeps the device clean.
- **Mobility:** Compact size and battery power make the product ideal for use at home and on the go.
- **Comfort:** The ability to shave wet or dry provides convenience and allows you to tailor grooming to your personal preferences.
- **Ease of use:** The ergonomic shape and intuitive operation make using the device enjoyable and hassle-free.

Solid steel blades

The PG-6302 hair and beard trimmer is equipped with **sturdy stainless steel blades** that provide a guarantee of efficiency. This material takes care of **exceptional sharpness** over a long period of time, which contributes to a smooth and **close shave** without any unnecessary strokes. Thanks to its resistance to corrosion, the blades maintain their properties even with frequent contact with water, which translates into efficiency of the device.

Multifunctional heads

The DIXIX Mini Personal Groomer Kit offers four interchangeable heads that allow a variety of grooming treatments to suit specific needs. From trimming to shaving to skin cleansing.

- **Trimmer head:** This attachment helps to shape and remove hair from delicate areas such as eyebrows, bikini line, as well as for precise shaping of beard and sideburn lines, offering **full control**.
- **Shaving head with foil:** The shaving head **allows you to quickly shave** larger areas of the body. It makes the skin smooth and soft to the touch, minimizing the risk of irritation.
- **Face brush head:** the soft brush attachment gently and deeply cleanses pores, removing impurities and **preparing the skin** for further treatments or shaving.
- **Nose trimmer head:** A special tip to safely and painlessly remove hair from the nose and ears. This is a simple and hygienic option for anyone who appreciates **speed and comfort** in their daily grooming routine.

Wet and dry use

The PG-6302 is a device that offers **freedom of choice** - you can use it both dry and wet. Whether you prefer to shave in a hurry or prefer to use foam or gel in the shower, the kit provides **high comfort** and excellent results. **The waterproof heads** make the device easy to rinse under running water after each use.

Easy to keep clean

The design of the DIXIX PG-6302 personal grooming device takes care of ease of maintenance. The replaceable heads can be quickly removed and washed under water, making **it easy to keep** the device **hygienic**. This feature ensures that the kit is always clean and ready to use, which is key in personal care.

Always at hand

The DIXIX PG-6302 set has compact dimensions of 172 x 27 x 27 mm, making it extremely handy. Its lightweight design and ergonomic shape ensure **a firm grip** and **easy maneuverability**, which contributes to user comfort. The compact size also makes the trimmer an excellent travel companion, offering the convenience of grooming anywhere.

Practical power supply

The razor is powered by a single AA battery, which allows it to **be used without charging** or searching for an electrical outlet. This solution provides **convenience and mobility**, and the device is always ready to work at home or while traveling, eliminating the problem of a dead battery.

DIXIX Mini Personal Groomer is a device dedicated to:

- People who appreciate **versatility and comprehensiveness** in care.
- Women and men, looking for a single tool for face and body care.
- People who travel frequently and need **a compact and independent** source of grooming.
- People with **sensitive skin**, looking for a gentle way to shave and cleanse.
- Anyone who needs **fast and convenient** daily grooming.
