Manufacturer: DIXIX

Referention number: DNXGJOJLLRMMNP

Information:

The DIXIX DSX5100 rotary shaver provides a smooth, comfortable shave thanks to floating heads that adapt to the contours of the face and neck, helping to reduce irritation. It works well for both dry shaving and wet shaving with foam or gel. The waterproof design makes it easy to rinse under running water, while the compact, ergonomic design means the shaver sits comfortably in the hand and is ideal for travel. USB charging and a battery life of up to 45 minutes ensure convenience and it is always ready to use.

Full product description

Full control and comfort

The **DIXIX DSX5100 Rotary Shaver** is a device designed to provide a **smooth and comfortable shave**. With **floating heads** that automatically adjust to the contours of your face, every movement of the razor is **precise and effective**. Whether you choose to shave dry or with foam, the DSX5100 contributes to the desired effect, taking care of your comfort and skin.

Key advantages of DIXIX Rotary Shaver

- **Smooth skin without irritation:** Floating heads minimize friction, making shaving more comfortable.
- **Convenient care:** The waterproof design allows you to wash under running water, reducing cleaning time.
- **Freedom of choice:** The ability to shave dry or wet adapts to your needs.
- **Ease of storage and travel:** Compact size and USB charging make the razor ideal for taking with you.
- **Constant readiness:** A 45-minute shave battery helps keep the razor in full working order.

Adaptation to contours

The device uses a patented **floating head system** that allows the razor to perfectly follow the natural contours of the face and neck. This solution minimizes the need to repeatedly pass over the same area, which **helps reduce skin irritation**. The heads reach hard-to-reach areas such as the jawline and chin, offering **a smooth shave in a single stroke**. Contour-adaptive technology keeps skin smooth and free of irritation.

Versatile shaving

The DIXIX DSX5100 offers the freedom to choose your shaving method, adapting to your individual preferences. The razor is fully capable of both **dry** and **wet shaving** with **foam or gel**. Such versatility means you can tailor your shaving routine to your lifestyle and needs. The DSX5100 razor is the perfect grooming tool for both a hectic and relaxing daily ritual.

Effortless hygiene

Ease of cleaning is a key advantage of the DSX5100. The razor' **s waterproof heads** can be easily washed under running water, which greatly simplifies maintenance and keeps the device hygienic. **The simple cleaning process** ensures that the razor is always ready for use, providing comfort after every shave. This solution is not only practical, but also helps to keep the device in optimal condition for a longer period of time.

Energy for days

The DSX5100 razor's battery offers up to **45 minutes of continuous use** on a single charge. Such performance satisfies the need for regular shaving for days. The razor has a **USB** port, which allows it to be charged anywhere - **at home, in the office or while traveling**. The ability to charge via USB contributes to convenience and ensures that the device is always at the ready, regardless of the situation.

Handy and ergonomic

The DSX5100 features dimensions of **146 x 56 x 36 mm**, making it extremely handy and comfortable for everyday use. Its lightweight and **ergonomic design** makes it fit perfectly in the hand, offering full control over the shaving process. The razor's compact size helps make it easy to store and transport, making it an ideal travel companion.

The DIXIX Rotary Shaver is an excellent option for:

- Men who appreciate **the convenience and speed** of shaving.
- People who travel frequently and are looking for **a compact device** with easy charging.
- Users who prefer both **dry and wet** shaving.
- Men for whom **ease of cleaning and hygiene** are a priority.
- Users who are looking for a device that will help reduce **skin irritation**.
