Information:

DIXIX DSX5120 Rotary Shaver is a rotary shaver for men who want to shave quickly and comfortably without irritation. The floating heads adapt to the contours of the face, ensuring a close shave even in hard-to-reach areas. The built-in pop-up trimmer makes it easy to precisely shape the beard, moustache and beard edges. The device allows for both wet and dry shaving, making it suitable for sensitive skin as well. The waterproof design allows for easy cleaning under water, while up to 45 minutes of cordless operation and USB charging provide convenience at home and when travelling.

Full product description

Quick shave without irritation

Shaving with the DIXIX DSX5120 Rotary Shaver is the solution for men who are looking for an effective and comfortable way to take care of their beard on a daily basis. The device combines unique **rotary head technology** with **pop-up trimmer** functionality, making it a complete tool for caring for smooth skin. The DSX5120 offers **dry and wet shaving** and exceptional ease of cleaning, which contributes to hygiene and convenience. Whether you need a perfectly smooth face or want to shape your beard, this device helps you achieve the desired result.

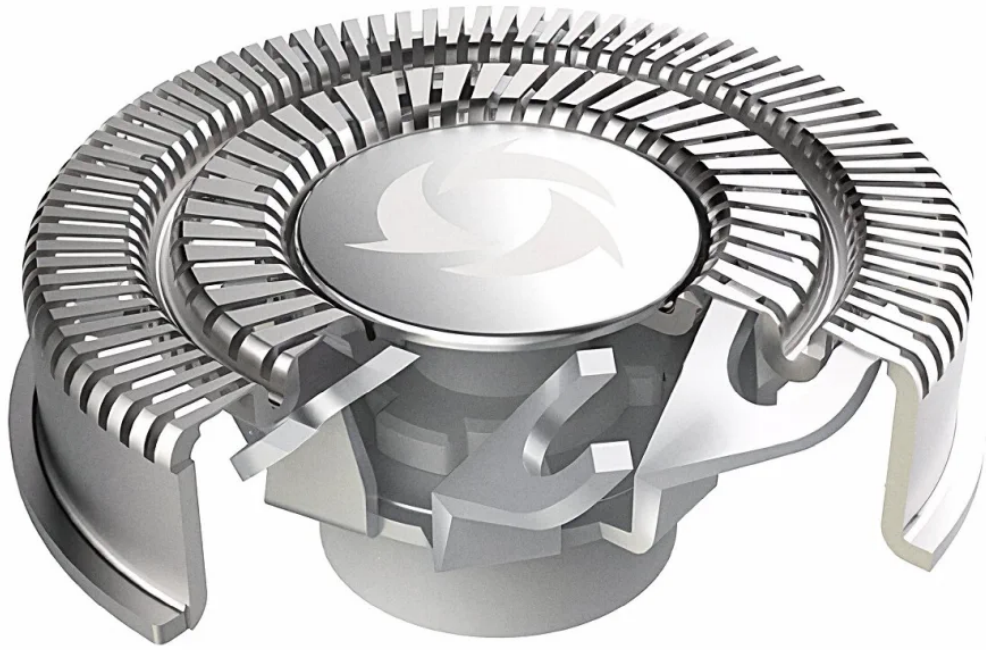

Advantages of the DIXIX Rotary Shaver with Trimmer

- **Fine-tuning:** Floating heads **effectively** follow facial contours, ensuring smoothness without irritation.
- **Fast styling:** The built-in trimmer **allows you to** shape beards, mustaches and beard edges.
- **Versatility of use:** The ability to **shave wet or dry** makes the razor adaptable to your needs.
- **Ease of maintenance:** The waterproof design **takes care of hygiene** and allows for easy underwater cleaning.
- **Cord-free freedom:** **Up to 45 minutes of** use on a single charge, offering freedom and convenience.
- **Travel Convenience:** **USB charging** allows you to replenish energy anywhere in the world.

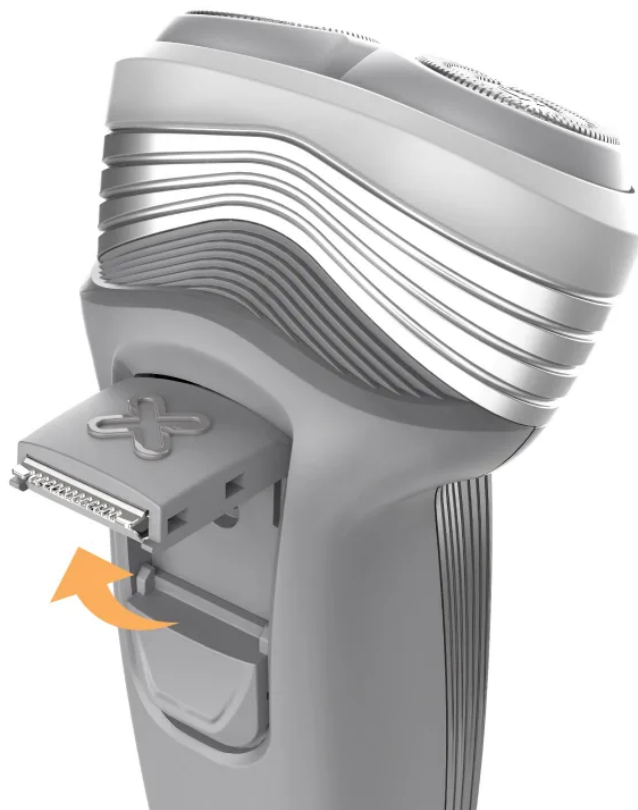

Floating heads to match contours

The DSX5120 is equipped with rotating heads that **perfectly adapt** to any facial contour. The patented floating head system follows the natural lines of the skin for **accurate and effective** hair removal. Thanks to this technology, shaving becomes gentler on the skin, minimizing the risk of irritation. The razor reaches harder-to-reach areas, such as the neck area and jawline, ensuring a uniform result across the entire face.

Precision detail trimmer

In addition to shaving, the DSX5120 razor allows you to **create beard styling** with its built-in pop-up trimmer. The trimmer **allows you to** precisely trim your mustache and shape the edges of your beard, giving you full control over the details. It activates instantly, providing you with the ability to make quick adjustments at any time. This functional solution makes the DSX5120 more than just a razor.

Versatility for dry and wet use

One of the key features of the DSX5120 is the choice of shaving method. The device is great for both dry shaving, when speed and convenience are important, and wet shaving with gel or foam. Wet shaving **contributes to extra comfort** and moisturization, especially recommended for those with sensitive skin. Whatever technique you choose, the DSX5120 makes sure the process is comfortable.

USB charging and compact size

The DSX5120 offers up to **45 minutes of continuous use** on a single charge, enough for many shaving sessions. The USB power supply **helps to charge** the razor almost anywhere. Thanks to its compact size (144 x 56 x 35 mm), the device easily fits into a makeup bag, travel bag or backpack, making it the perfect companion on the go. The DSX5120 razor is a tool you can always have on hand.

Hygiene and easy cleaning

Keeping the razor clean is extremely easy. The DSX5120's heads are **fully waterproof**, which **allows** washing under running water. Such a feature **takes care of hygiene** and allows quick hair removal, preparing the device for the next use. Simple maintenance contributes to long-lasting and trouble-free use.

DIXIX rotary shaver with trimmer is an excellent option for:

- Men who appreciate **a fast and comfortable shave**.
- Individuals who are looking for **a tool for styling** and precision beard trimming.
- Travelers who will appreciate **the USB charging** and compact size.
- People with sensitive skin who are looking for a **wet shaving** device.
- Those who want full **control over their beard**.
