Information:

The new 3650 mAh Li-Ion battery for Dreame H11 / Dreame 11Max is a simple way to restore your vacuum cleaner's full performance. It provides longer operating time, stable power and better cleaning results without frequent charging. Replacing a worn battery helps avoid sudden shut-offs, protects the device against overheating and short circuits, and extends its service life. The battery is fully compatible, and installation is quick and easy.

Full product description

New battery for Dreame H11 / Dreame 11Max - restore full performance of your vacuum cleaner

Is your Dreame H11 / Dreame 11Max starting to run shorter? This could be a signal that the battery needs to be replaced. Investing in a new 3650 mAh battery will restore the full power and performance of your cleaning robot. This will make the device work efficiently again, providing longer cleaning cycles and better results in daily home care.

Here are some reasons why you should replace the battery in your cleaning robot:

- **Longer run time** - the new battery allows the robot to run longer without the need for frequent recharging.
- **Full performance** - the robot cleans with maximum power for more thorough cleaning.
- **Safety of the device** - the new battery with safety features protects the robot from overheating, short circuiting and damage.
- **Avoid downtime** - the old battery can cause sudden shutdowns, affecting the continuity of cleaning.
- **Savings** - regular battery replacement extends the life of the robot, avoiding the need to buy a new device.

Stable operation and longer service life

Replacing the old, worn-out battery with a new one guarantees longer vacuum cleaner runtime without the need for frequent recharging. The

new Li-Ion battery provides optimal performance, allowing your robot to run without power drops, even on long cleaning cycles. This means less downtime and more time to clean.

Safety and security of the device

A worn-out battery can reduce the performance of a vacuum cleaner and even cause technical problems. Choosing a new battery not only extends the life of the device, but also ensures its safe operation.

Easy replacement and perfect compatibility

Replacing your old battery with a new one is quick and easy. Our battery is fully compatible with Dreame H11 / Dreame 11Max, so your robot can get back to work in full working order.
