Full product description

Bring your Dyson vacuum cleaner back to full power

The **Dyson V8** 21.6V 3000mAh battery is a great option for getting your vacuum cleaner back to full power. With a larger battery **capacity** , your **Dyson** vacuum cleaner will last longer without the need for frequent recharging. Replacing the battery is quick, easy and requires no tools, making it a convenient solution for any user.

New power – Powerful Dyson battery

Dyson V8 Absolute, Dyson V8 Animal,
Dyson V8 Motorhead, Dyson V8 Fluffy,
Dyson V8 Total Clean

**Restore the full power of your vacuum
cleaner!**

Longer operating time

With the **Dyson V8** 21.6V 3000mAh battery, your vacuum cleaner will run much longer on a single charge. The larger battery **capacity** provides long-lasting power, allowing you to clean comfortably without the need for charging breaks. This is especially useful in large houses and apartments.

Battery type

Compatibility with many models

The **Dyson V8** battery is **compatible** with many versions of Dyson V8 vacuum cleaners, making it a universal solution. It fits models such as the **Dyson V8 Absolute**, **Dyson V8 Animal**, **Dyson V8 Motorhead**, and **Dyson V8 Fluffy**. This way you don't have to worry about matching the battery to your vacuum cleaner.

Full power – full compatibility

Compatible with the latest
Dyson models

- Dyson V8 Absolute
- Dyson V8 Animal
- Dyson V8 Motorhead
- Dyson V8 Fluffy
- Dyson V8 Total Clean

A few reasons to replace the battery

More runtime - The new Dyson V8 battery provides longer runtime on a single charge thanks to its 3000mAh capacity. This allows you to clean without interruption.

Better power and performance - the battery restores the full power of the vacuum cleaner, which improves cleaning quality on large surfaces.

Safer use - the battery has overheating and short-circuit protection systems, making the device **safer**.

Easy installation and economy - battery replacement is quick and requires no tools, and a new battery is a cheaper option than buying a new vacuum cleaner.

New battery – new power for your Dyson
