Full product description

EMERIO CH-128215: The Perfect Solution to Heat Your Home

Convactor heater EMERIO CH-128215 is an excellent **device designed to heat rooms** of different sizes. Whether you need a main source of heat or additional support on colder days, **the EMERIO heater will meet your expectations, providing a comfortable temperature in any room.**

Versatility and Performance

Thanks to the 3-stage power adjustment, the EMERIO CH-128215 heater allows you to adjust the operation of the device to current conditions and individual needs. **The maximum power of as much as 2000 watts** allows you to quickly and efficiently heat even larger rooms. This is an ideal solution when the temperature outside the window drops **and you want to enjoy warmth and comfort in your home.**

Precise Temperature Control

The **EMERIO CH-128215 heater** is equipped with an **adjustable thermostat**, which ensures that the temperature in the room remains constant. This avoids annoying temperature fluctuations that can lead to colds. **The automatic operation of the heater means that you don't have to worry about the settings** - the device will take care of your comfort on its own, **adjusting to your needs**.

Comfort of Use in Any Situation

Convector heater **EMERIO CH-128215** is synonymous with comfort and convenience. **Regardless of the conditions outside, you can be sure that your home will always have an optimal temperature.** With advanced control features and high power , **this heater becomes an indispensable accessory for any modern interior.**
