Full product description

Energy for longer - reliable power always at hand

The WX30 is a **powerbank with a capacity of as much as 30000mAh** that allows you to charge your smartphone, tablet or smartwatch multiple times without access to an outlet. With **three output ports** - 2x USB-A and 1x USB-C - you can **charge several devices at once**, no matter where you are.

Capacity of 30000mAh - long-lasting power supply

With a capacity of **30000mAh**, this powerbank provides multiple charging cycles for different devices. You can **charge your smartphone up to 6-8 times**, and your tablet or other devices with higher power consumption - several times. **Thanks to the large capacity of the powerbank**, you don't have to worry about running out of power during a trip or a busy work day.

Three charging ports - USB-A and USB-C

The WX30 is equipped with **2x USB-A** and **1x USB-C**, allowing you to charge multiple devices simultaneously. Whether you're using a smartphone, smartwatch or other gadgets, you can rest assured that **the battery won't fail** at a crucial moment. The USB-C port supports both input and output, so you can **quickly charge the powerbank** and use it again.

Robust housing and LED charge indicator

The powerbank has a **durable casing**, resistant to daily use and accidental damage. In addition, the **LED indicator** shows the battery charge level, so you always know how much power you have left. **The black color scheme and compact design** make the powerbank easy to fit in your bag or backpack.

Complies with CE and RoHS safety standards

The WX30 powerbank meets **CE** and **RoHS certifications**, which means safe charging for your devices. **The lithium-ion battery** ensures stable energy delivery and long life. As a result, you can rest assured that the powerbank operates according to the highest safety standards.
