Price: **26.00 zł** gross / 21.14 zł net

Manufacturer: EXTRALINK

Referention number: DNXGGHLQIRMMKP

Information:

Extralink 10" Patch Panel with 12 ports is a practical solution for building and expanding a computer network. It enables convenient management of lines and easy scaling of the installation as needs grow. The panel allows the installation of copper modules and optical adapters, making it possible to adapt it to different cabling categories and connector types. It is a versatile choice for an organised, flexible and future-proof network infrastructure.

Product features

Built-in blower fan	No
Ethernet LAN (RJ-45) ports	12
Rack capacity	1U
Size (imperial)	10 "
Product colour	Black
Watch case material	Metal
Type	Patch panel

Full product description

Extralink Patchpanel 12 Port 10"

Patchpanel 10" with 12 modules allows you to build a computer network with the required number of lines and scale it up if necessary. The advantage of this type of panels is the ability to combine copper modules and optical adapters of different categories and connector types.
