Price: **549.00 zł** gross / 446.34 zł net

Manufacturer: EXTRALINK

Referention number: DNXGFMPMHRMMMH

Information:

The EXTRALINK rack cabinet, with a height of 12U and dimensions of 600 × 600 mm, is the perfect solution for wall mounting in offices, server rooms, and CCTV monitoring areas. Made from cold-rolled steel, it features solid metal doors that can open to the left or right. Its design allows for easy removal of the side panels using latches, and the set includes locks and keys. The cabinet's ceiling is designed for fan installation, which supports effective cooling of the devices. It has a standard 19" mounting, and its welded frame ensures reliability and ease of transport. It also offers numerous cable entry points and the option for either standing or wall-mounted installation. Thanks to its innovative mounting patent, users can enjoy simplicity in installation and operation.

Full product description

EXTRALINK 12U 600X600 rack cabinet with tin doors

The **Extralink** rack cabinet is designed for wall mounting in offices, network server rooms and CCTV control rooms. The external walls are made of cold-rolled steel sheet. The doors can be opened to the left or right side.

Clearly marked height

Vertical rails have a corresponding height designation, which is **12U (unit)**. The total height of the cabinet is **64 cm**.

Easy removal of side walls

Snap fasteners on the side walls allow for their disassembly. **Locks and keys are included.**

Professional locking rack cabinet

Protection, order and aesthetics in one. Perfect for organising home spaces, offices and server rooms.

Ceiling adapted to the installation of fans

On the ceiling of the cabinet there are **2 places to install fans** for better cooling of the devices and **additional conduit** for pulling out cables.

EASY ASSEMBLY IN JUST A FEW MINUTES

Thanks to clear instructions and a complete set of screws, assembling the cabinet is quick and intuitive.

You can easily do it yourself – no need to call a technician!

Wardrobe construction:

- A – Ściana dolna, spód
- B – Ściana tylnia
- C – Ścianki boczne, wypinane
- D – Górna pokrywa
- E – Otwór na kable
- F – Rama

Features:

- Standard 19" mounting, welded frame, reliable design
- The frame structure is prepared for self-assembly, thus it is easy to move and transport, reducing shipping costs
- Standing/Wall Mounting
- Easy installation (patent)
- Removable side panels
- Holes for cable entry on both the top cover and the bottom panel
- The door opening angle exceeds 180 degrees
