Information:

Extralink 19" thermostat for rack cabinets is a practical device for controlling the operation of ventilation panels inside the cabinet, helping to maintain optimal operating conditions for the equipment. It is equipped with a current temperature indicator, a power switch, 2 output sockets and a power cable included. The included mounting screws make installation easier. The thermostat supports energy savings by activating ventilation only when needed, which increases cooling efficiency and the safety of devices.

Product features

Power source	AC
Rack capacity	1U
Size (imperial)	19 "
Product colour	Black
Watch case material	Metal
Type	Thermostat

Full product description

Extralink 19" rack thermostat

The product presented has mounting screws included, current temperature indicator, power switch, 2 output sockets, power cord included.

Purpose

The thermostat controls the operation of ventilation panels inside the rack. Thanks to it, the proper working conditions of the installed devices are maintained. The thermostat ensures **energy savings**.
