Price: **30.12 zł** gross / 24.49 zł net

Manufacturer: EXTRALINK

Referention number: DNXEDIJNMRMMIQ

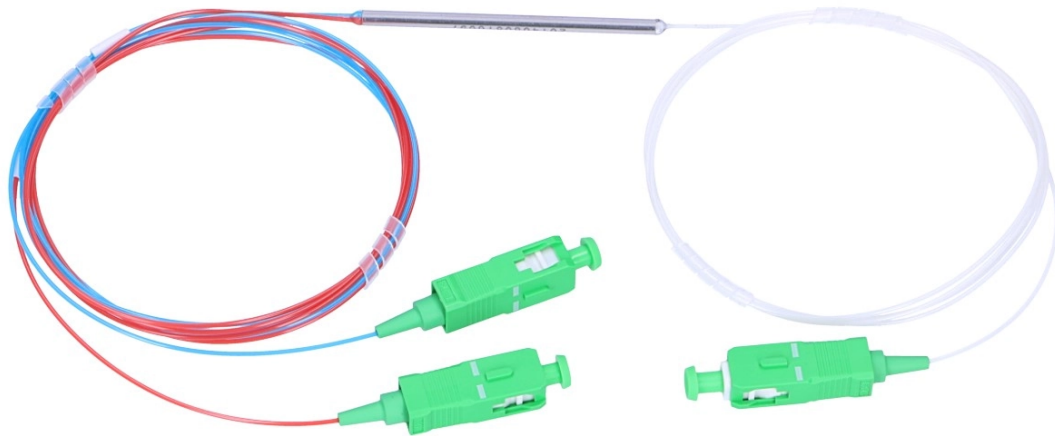

Product features

Connector(s)	3
Material	Polyvinyl chloride (PVC)
Number of connectors	3
Easy to install	Yes
Product colour	Green
Connector gender	Male
Type	Cable splitter

Full product description

EXTRALINK Fiber Optic Splitter FBT 1:2 45:55 0.9 mm with SC/APC connectors

Fiber optic splitters are used in FTTH networks, where the Internet is delivered to the customers by means of an optical fibre led from the server room to the customer's device without changing the transmission medium. The specificity of this technology requires that the signal is distributed to the clients without using additional active devices.

FBT Splitter with asymmetrical 1:2 power distribution, with both input and output connectors. The compact steel box housing enables easy installation in switches and fiber optic couplers. The splitter is built on a thin 0.9 mm pigtail cable, so it can be easily installed in various types of organizers. The product is packaged in blister packs to prevent tangling of cables.
