Price: **35.94 zł** gross / 29.22 zł net

Manufacturer: EXTRALINK

Referention number: DNXEDIJMGRMLMO

Information:

The EXTRALINK FBT 1:2 25:75 fibre optic splitter with SC/UPC connectors is a passive component for FTTH networks, enabling asymmetric signal splitting without the use of active devices. The compact steel box housing makes installation in patch panels and fibre optic enclosures easier, while the thin 0.9 mm pigtail cable ensures convenient routing in organisers. The product is packed in a blister pack, which protects the cables from tangling. Ideal for reliable distribution of fibre optic internet to multiple customers.

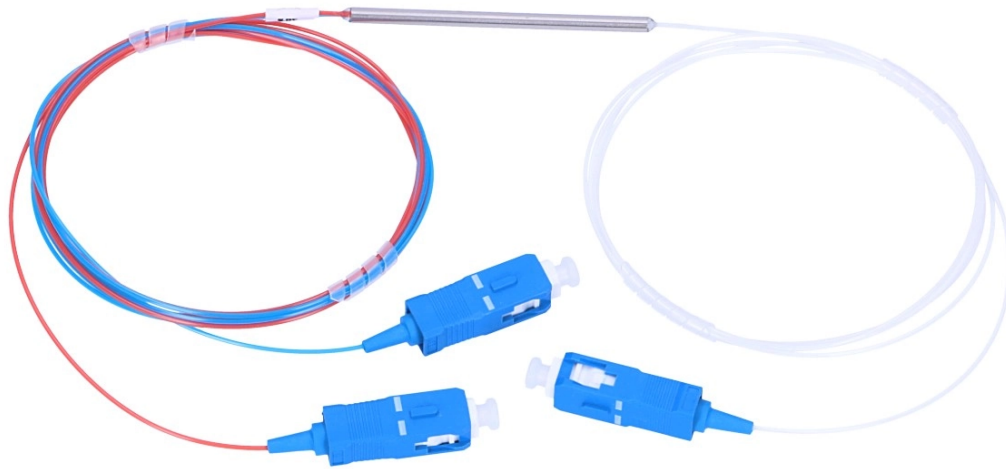

Product features

Connector(s)	3
Material	Polyvinyl chloride (PVC)
Number of connectors	3
Easy to install	Yes
Product colour	Blue
Connector gender	Male
Type	Cable splitter

Full product description

EXTRALINK Fiber Optic Splitter FBT 1:2 25:75 0.9mm with SC/UPC connectors

Fiber optic splitters are used in FTTH networks, where the Internet is delivered to customers by means of an optical fibre led from the server room to the client's device without changing the transmission medium. The specificity of this technology requires that the signal is distributed to customers without using additional active devices.

FBT Splitter with asymmetric 1:2 power distribution with both input and output connectors. The compact steel box housing enables easy installation in switches and fiber optic couplers. Splitter is built on a thin 0.9mm pigtail cable, so it can be easily installed in various types of organizers. The product is packaged in blister packs to prevent tangling of cables.
