Price: **27.13 zł** gross / 22.06 zł net

Manufacturer: EXTRALINK

Referention number: DNXFLNKRDRMMMI

Information:

The EXTRALINK PLC 1:2 fibre optic splitter with 0.9 mm pigtail cables and SC/APC connectors is a practical solution for FTTH networks, enabling symmetrical signal splitting without the use of active devices. The compact steel box housing makes installation in patch panels and fibre optic closures easier, while the thin 0.9 mm cable ensures convenient routing in organisers. The product is packaged in blisters that protect the cables from tangling.

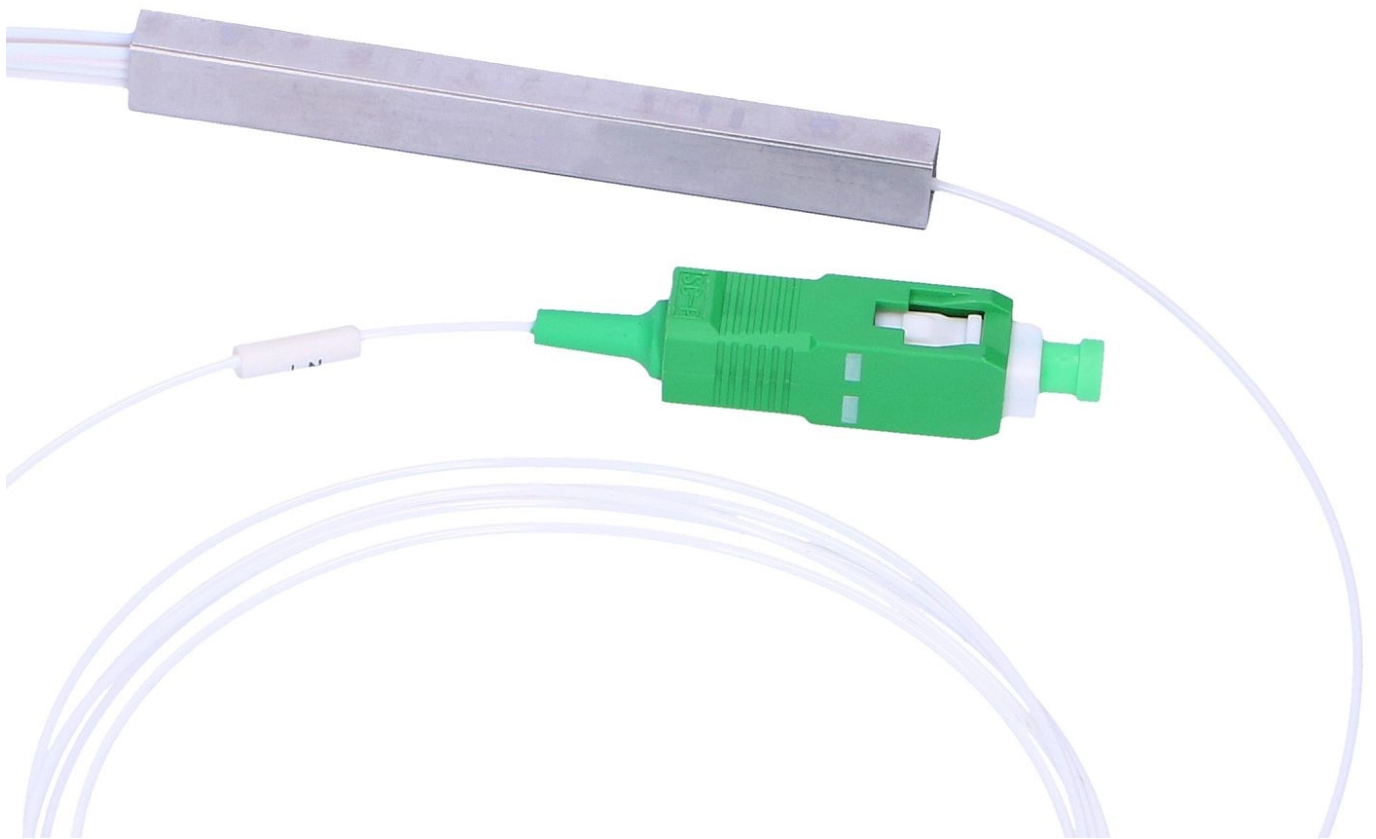

Product features

Connector(s)	3
Material	Ceramic
Number of connectors	3
Product colour	White
Connector gender	Male
Type	Cable splitter

Full product description

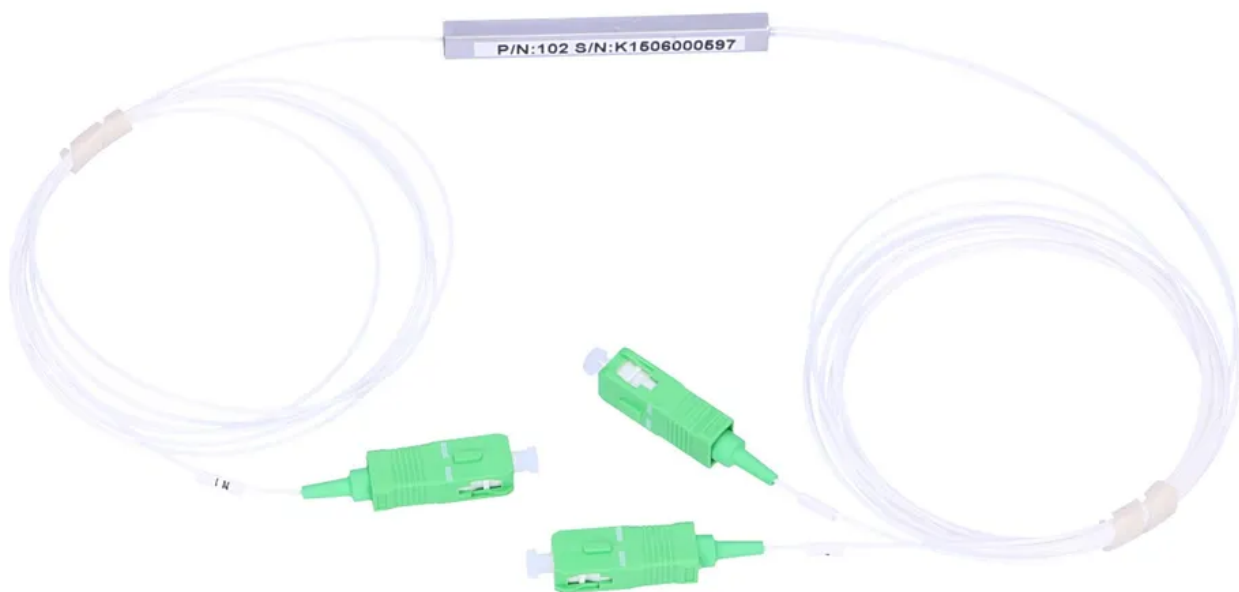

EXTRALINK PLC 1:2 0.9mm fiber optic splitter with SC/APC connectors

Fiber optic splitters are used in FTTH networks where the Internet is delivered to customers via optic fibre. It is led from the server room to the client's device without changing the transmission medium. The specificity of this technology requires that the signal is distributed to the clients without using additional active devices.

Splitter PLC with symmetrical 1:2 power distribution with both input and output connectors. The compact steel box housing enables easy installation in switches and fiber optic closures.

The Splitter is built on a thin 0.9 mm pigtail cable, which makes it easy to install in various types of organizers.

The product is packaged in blister packs to prevent tangling of cables.
