Price: **32.79 zł** gross / 26.66 zł net

Manufacturer: EXTRALINK

Referention number: DNXFLNLNGRMMMK

Information:

The EXTRALINK PLC 1:4 fibre optic splitter with SC/APC connectors is a passive solution for FTTH networks, enabling symmetrical splitting of the optical signal without the use of active devices. The compact steel box housing makes installation in patch panels and fibre optic closures easier, and the thin 0.9 mm pigtail cable allows convenient routing in organisers. Connectors at the input and output ensure straightforward installation, while the blister packaging protects the cables from tangling.

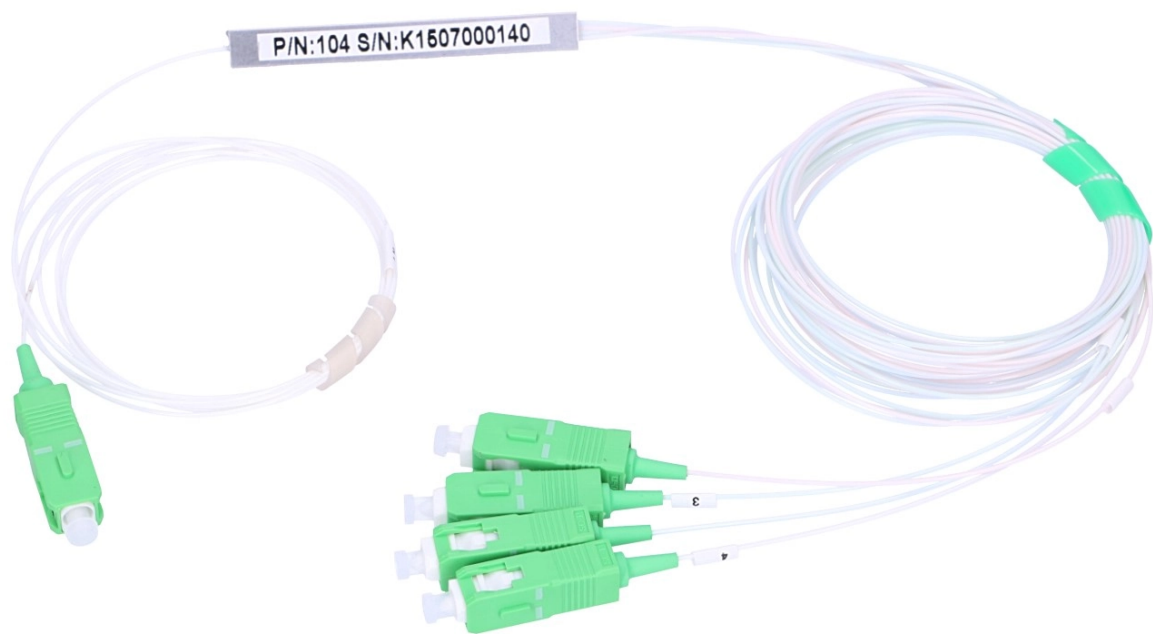

Product features

Connector(s)	5
Product colour	Green
Type	Cable splitter

Full product description

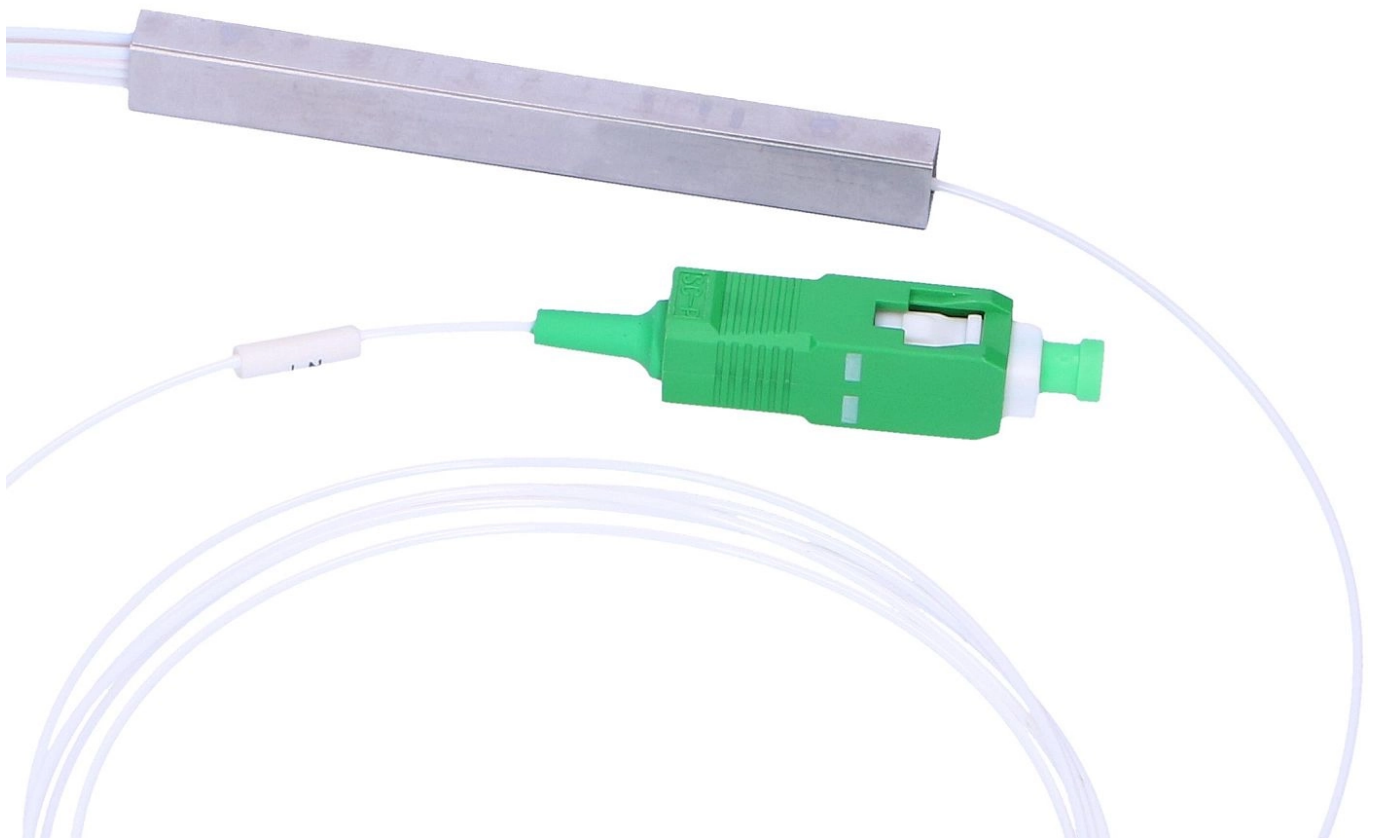

EXTRALINK PLC 1:4 0.9 mm fiber optic splitter with SC/APC connectors

Fiber optic splitters are used in FTTH networks, where the Internet is delivered to the customers by means of an optical fibre led from the server room to the customer's device without changing the transmission medium. This technology requires that the signal is distributed to the clients without using additional active devices.

Splitter PLC with symmetrical 1:4 power distribution, with both input and output connectors. The compact steel box housing enables easy installation in switches and fiber optic closures.

The Splitter is built on a thin 0.9 mm pigtail cable, so it can be easily installed in various types of distribution boxes.

The product is packaged in blister packs to prevent tangling of cables.
