Price: **32.28 zł** gross / 26.24 zł net

Manufacturer: EXTRALINK

Referention number: DNXFMPNQMRMNNJ

Product features

Connector(s)	5
Material	ABS
Number of connectors	5
Product colour	Grey
Connector gender	Female
Type	Cable splitter

Full product description

1:4 PLC fiber optic splitter with SC/APC adapters

Fibre optic splitters are used in FTTH networks, where the Internet is delivered to clients by means of optical fibre. It is led from the server room to the client's device without changing the transmission medium. This technology requires that the signal is distributed to the clients without using additional active devices.

Splitter PLC with symmetrical 1:4 power distribution with both input and output adapters. Pocket type housing allows quick installation in external switches and closures, minimizing the risk of fiber damage.

The splitter is mounted with clips that hold it and prevent it from falling out.
