Price: **31.22 zł** gross / 25.38 zł net

Manufacturer: EXTRALINK

Referention number: DNXEDKLUEKMP

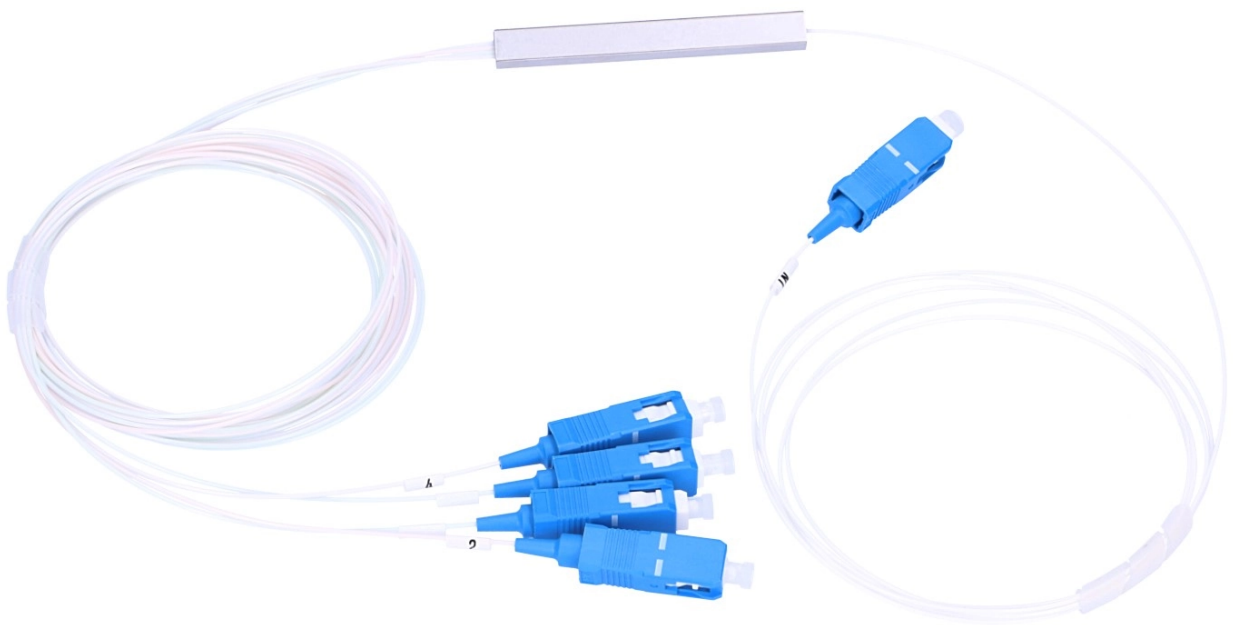

Information:

EXTRALINK PLC 1:4 fibre optic splitter with SC/UPC connectors is a passive solution for FTTH networks, enabling symmetrical splitting of the optical signal without the use of active devices. The compact steel box housing makes installation in patch panels and fibre optic closures easier, while the thin 0.9 mm pigtail cable ensures convenient routing in organisers. The product is easy to install and packaged in a blister pack that protects the cables from tangling.

Full product description

EXTRALINK PLC 1:4 0.9mm fiber optic splitter with SC/UPC connectors

Fibre optic splitters are used in FTTH networks, where the Internet is delivered to customers by means of optical fibre. It is led from the server room to the client's device without changing the transmission medium. This technology requires that the signal is distributed to the clients without using additional active devices.

Splitter PLC with symmetrical 1:4 power distribution with both input and output connectors. The compact steel box housing enables easy installation in switches and fiber optic couplers.

The Splitter is built on a thin 0.9 mm pigtail cable, which makes it easy to install in various types of organizers.

The product is packaged in blister packs to prevent tangling of cables.
