Manufacturer: EXTRALINK

Referention number: DNXGFMKMJRMKK

Information:

The Extralink 32U is a freestanding cabinet ideal for offices, server rooms, and spaces with CCTV installations. Made from durable steel sheet, it offers resistance to damage. Its front doors, crafted from tempered glass, can be opened in both directions, enhancing flexibility in space arrangement. It provides 32U of space for equipment, with an overall height of 154 cm. Removable side panels facilitate maintenance, while adjustable feet and wheels ensure stability and ease of movement, even under heavy loads. The key lock guarantees the security of the equipment. Additionally, Extralink offers accessories such as shelves and cable organisers, which enhance functionality and simplify space management. The cabinet combines sturdiness with practicality, ensuring effective organisation of network infrastructure.

Full product description

EXTRALINK rack, 32U, 600x800, standing

The **Extralink** rack cabinet is designed for offices, network server rooms and CCTV control rooms. The external walls are made of cold rolled steel sheet, while the front door has a tempered glass pane with the possibility of opening to the left or right side.

Extralink network cabinet 32HE

upright installation

The network cupboard is designed in offices, network servers and CCTV control rooms.

The outer walls are made of cold-rolled sheet steel.

Fitted with tempered glass, the front door may be opened to the left or right.

Clearly marked cabinet height

Vertical rails have the appropriate height marking, which is as high as **32U (unit)**, which provides enough space to mount many devices for our infrastructure. The total height of the cabinet is **154 cm**.

NETWORK CUPBOARD

Maximum
weight

1540mm

800mm

600mm

Easy disassembly of side walls

Snap fasteners on the side walls allow for their disassembly. **Locks and keys are included.**

NETWORK CABINET 32HE

Removable side panels for easy maintenance

Front and rear doors

Adjustable cable entry dimensions for top cover and base plate

Front door key lock

Front door with small tempered glass lock

Adjustable feet, durable castors

Door can be opened to the left and right

Easy cable routing

The lower panel has as many as **4 culverts** to pull out the cables, thus reducing the risk of squeezing or tangling them.

The task of network enclosures is to protect equipment and guarantee stable functioning and maintain order in every sphere.

Fan-installed ceiling

On the ceiling of the cabinet there are **4 spaces for installing fans** for better cooling of the devices, as well as **additional conduit** for pulling out cables.

Extralink has accessories for its cabinet series, you can find in our range:

- shelves, enclosures, cable organisers
- cooling accessories, ventilation panels, thermostats
- assembly aids
