Price: **1,999.00 zł** gross / 1,625.20 zł net

Manufacturer: EXTRALINK

Referention number: DNXGFNLJERMLOO

Information:

The EXTRALINK 32U free-standing rack cabinet with dimensions of 800 × 800 mm is a robust solution for offices, server rooms and CCTV installations. Made of cold-rolled steel, it ensures durability and the safety of the installed equipment. The front tempered-glass door can be opened to the left or right, and the removable side panels with locks make servicing and maintenance easier. Clear 32U height markings allow equipment to be arranged conveniently, while 4 cable entry points in the lower panel help keep things tidy and protect the cables. The cabinet roof allows for the installation of 4 fans, improving cooling. Adjustable feet, durable castors and the option of serial connection increase the functionality of the entire structure.

Full product description

EXTRALINK rack, 32U, 800x800, standing

The **Extralink** rack cabinet is designed for offices, network server rooms and CCTV control rooms. The external walls are made of cold-rolled steel sheet, while the front door has a tempered glass pane with the possibility of opening to the left or right side.

Extralink network cabinet 32HE

upright installation

The network cupboard is designed in offices, network servers and CCTV control rooms.

The outer walls are made of cold-rolled sheet steel.

Fitted with tempered glass, the front door may be opened to the left or right.

Clearly marked cabinet height

Vertical rails have the appropriate height marking, which is as high as **32U (unit)**, which provides enough space to mount many devices for our infrastructure. The total height of the cabinet is **154 cm**.

Easy removal of side walls

Snap fasteners on the side walls allow for their disassembly. **Locks and keys are included.**

Extralink has accessories for its cabinet series, you can find in our range:

- shelves, enclosures, cable organisers
- cooling accessories, ventilation panels, thermostats
- assembly aids

Easy cable routing

The lower panel has as many as **4 culverts** to pull out the cables, thus reducing the risk of squeezing or tangling them.

NETWORK CABINET 32HE

Removable side panels for easy maintenance

Front and rear doors

Adjustable cable entry dimensions for top cover and base plate

Front door key lock

Front door with small tempered glass lock

Adjustable feet, durable castors

Door can be opened to the left and right

Fan-installed ceiling

On the ceiling of the cabinet there are **4 spaces for installing fans** for better cooling of the devices, as well as **additional conduit** for pulling out cables.

The task of network enclosures is to protect equipment and guarantee stable functioning and maintain order in every sphere.
