Full product description

EXTRALINK ADELE 2 CORE: Optical fibre closure

The **ADELE 2 CORE** fiber optic closure is used to connect and terminate internal fiber optic cables with pigtails. It is mounted on walls or in stationary installations. It has 2 outputs.

Features:

- Removable front flap, dust-proof
- Suitable for many types of modules used in fibre optic networks
- Easy to assemble and disassemble
- Fibre optic adapters SC Simplex or Duplex LC can be used
