Full product description

EXTRALINK ARIA 2 CORE fiber optic termination box

The **ARIA 2 CORE** fibre-optic termination box is used to connect and terminate internal fibre-optic cables with pigtails. The box is used for wall or stationary installations. It has 2 outputs.

Features:

- Removable front flap, dust-proof
- Suitable for many types of adapters used in fibre optic networks
- Easy to assemble and disassemble

- Possibility to use SC duplex or LC quad fiber optic adapters.
