Full product description

Patch panel 24-port CAT 5E FTP

Extralink Patch panel 24-port is a 19-inch RJ45 type panel that can be mounted in a rack. Each panel has cut-outs that can be used as snap-in sockets. Kits include labels with plastic handles that are placed on the front of the panel for easy port identification.

Features

- Construction for installation in any standard rack or 19" rack
- Space-saving, 1U
- Black powder-coated electrostatic steel with phosphor bronze tinning over nickel
- The use of sockets and inserts will allow you to configure the panel to fit different schemes
- Sturdy aluminium plate around the RJ45
- TIA/EIA 568A (international) and 568B (AT&T standard) cabling for easy installation
- Accepts 22, 24, 26 AWG (0.64, 0.5 and 0.4) fixed cables
- Corrosion resistance
- Self-extinguishing plastic
