Full product description

Plinth for standing racks Extralink

Pedestal for standing cabinets is an indispensable piece of equipment for any RACK cabinet. It provides stability and security for the cabinet and allows it to be easily mounted to the floor. The plinth is 100mm high and fits 600x800mm cabinets.

Solid workmanship

It is made of high-quality SPCC cold-rolled steel with a thickness of 2mm. The pedestal is powder-coated in RAL9004 black, which gives it an elegant and modern look.

Mounting accessories included

The plinth attaches to the underside of the cabinet using four M12 Allen screws and washers, which are included in the kit. Pedestal for standing cabinets is a simple and practical way to improve the functionality and aesthetics of a RACK cabinet.
