Manufacturer: EXTRALINK

Referention number: DNXGGIOJFRMLPJ

Product features

Regulatory Approvals	CE, FCC, RoHS, WEEE, MSDS, UN38.3, UL62368
LED indicators	Activity
Sensor type	CMOS
Connectivity technology	Wired & Wireless
Alarm input/output	Yes
Night mode	Yes
Number of cameras	1
Number of lenses	1
Weatherproof	Yes
Country of origin	China
Plug and Play	Yes
Built-in light	Yes
Lens viewing angle, horizontal	105 °
International Protection (IP) code	IP65
Remote viewing	Yes
Day/night mode	Yes
Wi-Fi	Yes
Bluetooth	No
Ethernet LAN	No
Built-in speaker(s)	Yes

Zoom capability	Yes
Power source type	Battery
Camera tilt control	Yes
Camera pan control	Yes
Camera shutter type	Electronic
Product colour	Black
Mounting hardware type	Ceiling/Wall/Pole
Watch case material	Acrylonitrile butadiene styrene (ABS)
Type	IP security camera
Designation	Indoor & outdoor

Full product description

Intelligent 2.5K 1440p wireless camera with built-in rechargeable battery from Extralink

Extralink presents a new product in wireless camera line - **Extralink CubeX80**. It is a fully wireless camera with built-in **5000 mAh** battery. With a **2.5K 1440p** resolution sensor, two-way intercom, **IP 65 weather resistance**, [mobile application in polish language](#) and features based on **artificial intelligence** - all these and many other advantages make the **Extralink CubeX80** a feature-rich surveillance system that will stand guard over your home or business.

Key features Extralink CubeX80

- Easy to install and use
- Two-way voice intercom support
- 4-Megapixel high resolution camera (2560*1440) for clear images
- 2.4G Wi-Fi network support
- Night vision up to 7 meters in color
- Built-in long-life 5000mAh battery
- Supports cloud storage, micro SD cards (up to 128 GB)
- Dustproof and waterproof IP65 design
- Recognition of human contours
- Handle with universal 1/4 screw

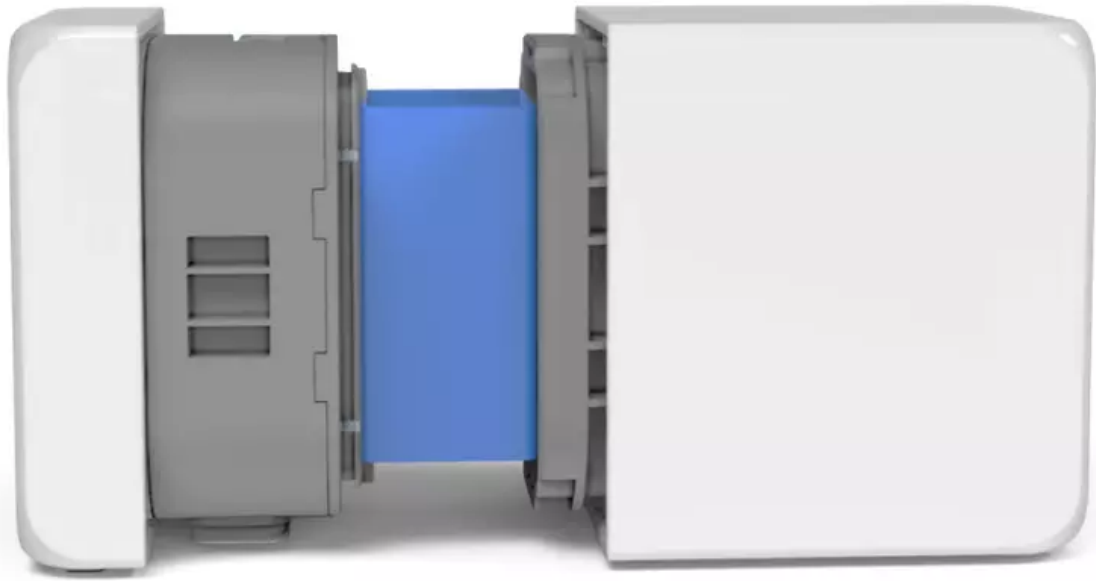

Hassle-free and easy installation

With **the built-in rechargeable battery**, no power cords are required. Installation of the **Extralink CubeX80** is easy and hassle-free. By eliminating power constraints, it can be placed anywhere.

Long battery life - Extralink Protector Pro is always on guard

The **Extralink CubeX80** 's built-in **5000 mAh** lithium battery exceeds the standards of similar products. Charging for 10 hours allows it to operate for up to 5 months.

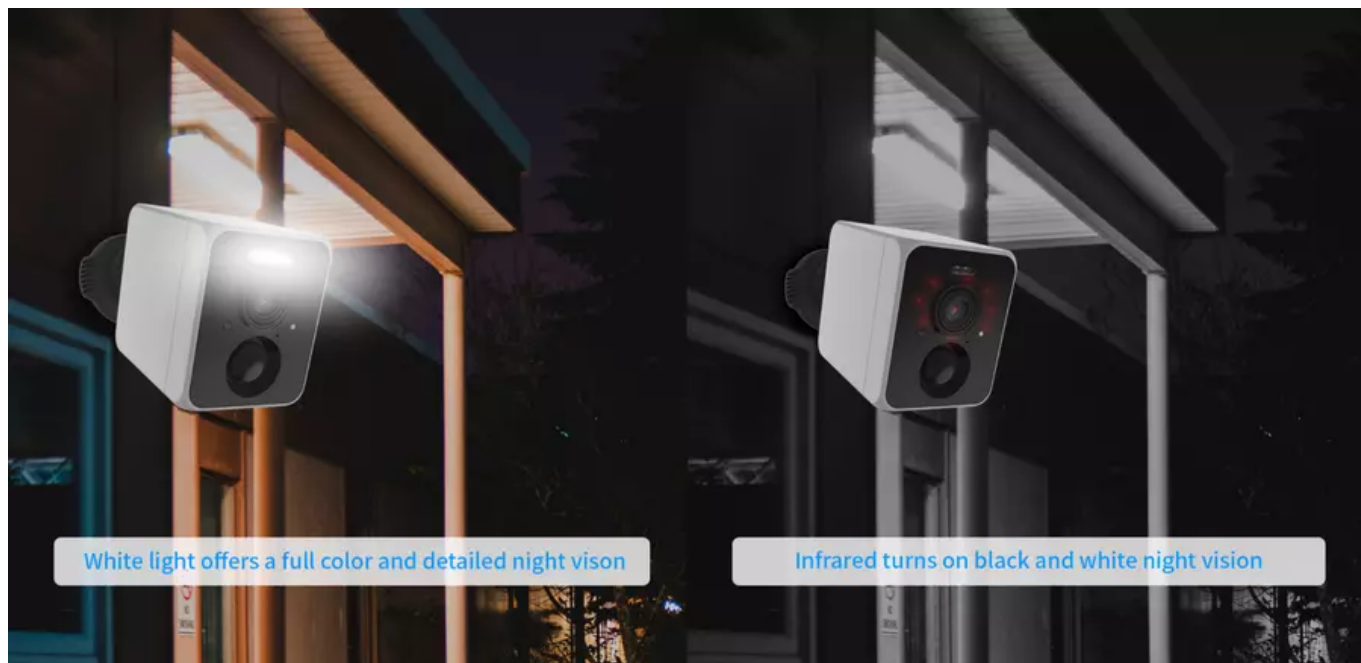

2.5K resolution, twice the HD 1080p resolution

The **Extralink CubeX80** features a high-end **1/3" CMOS sensor with 1440P resolution**. Thanks to its wide-angle lens, the camera can capture every detail in all conditions.

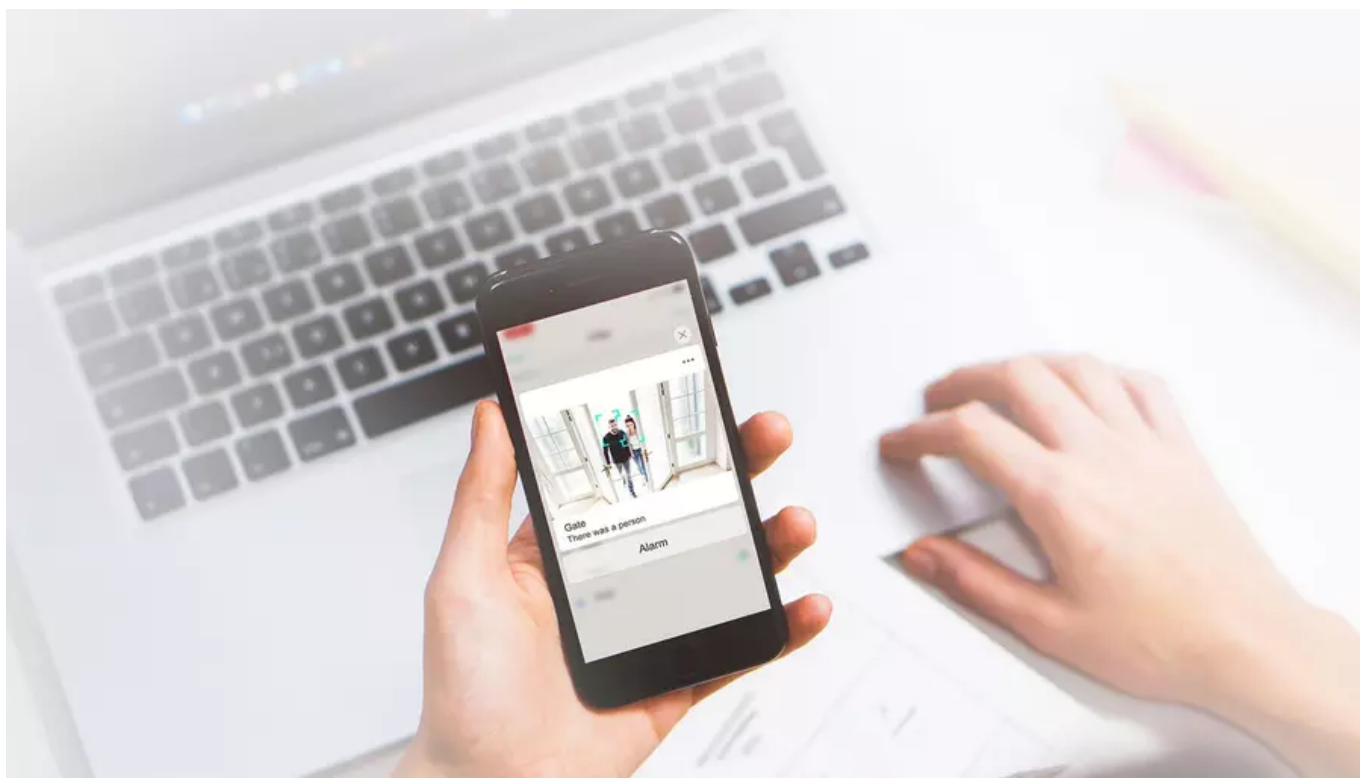

Night surveillance in 1440p

The **Extralink CubeX80** camera with infrared LEDs allows night vision up to **7 - 10 meters**. The image remains exceptionally clear, even in complete darkness. The camera also features **full color night mode** thanks to a built-in lamp that provides strong white light.

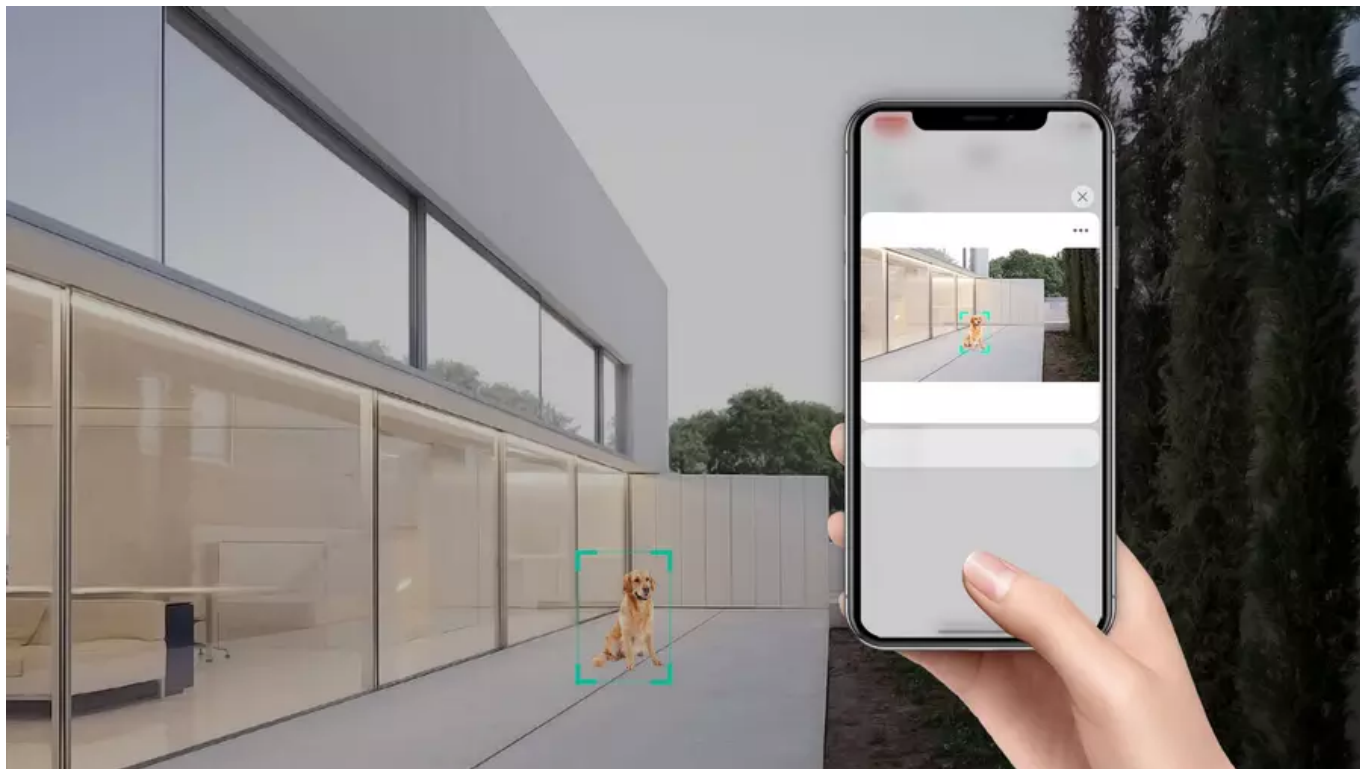

Control via app

See what's happening around your home with the Extralink CubeX80 [mobile app for smartphones and tablets](#). No matter where you are, the app will give you easy access to the **Extralink CubeX80** live stream, stored recordings as well as **two-way audio**.

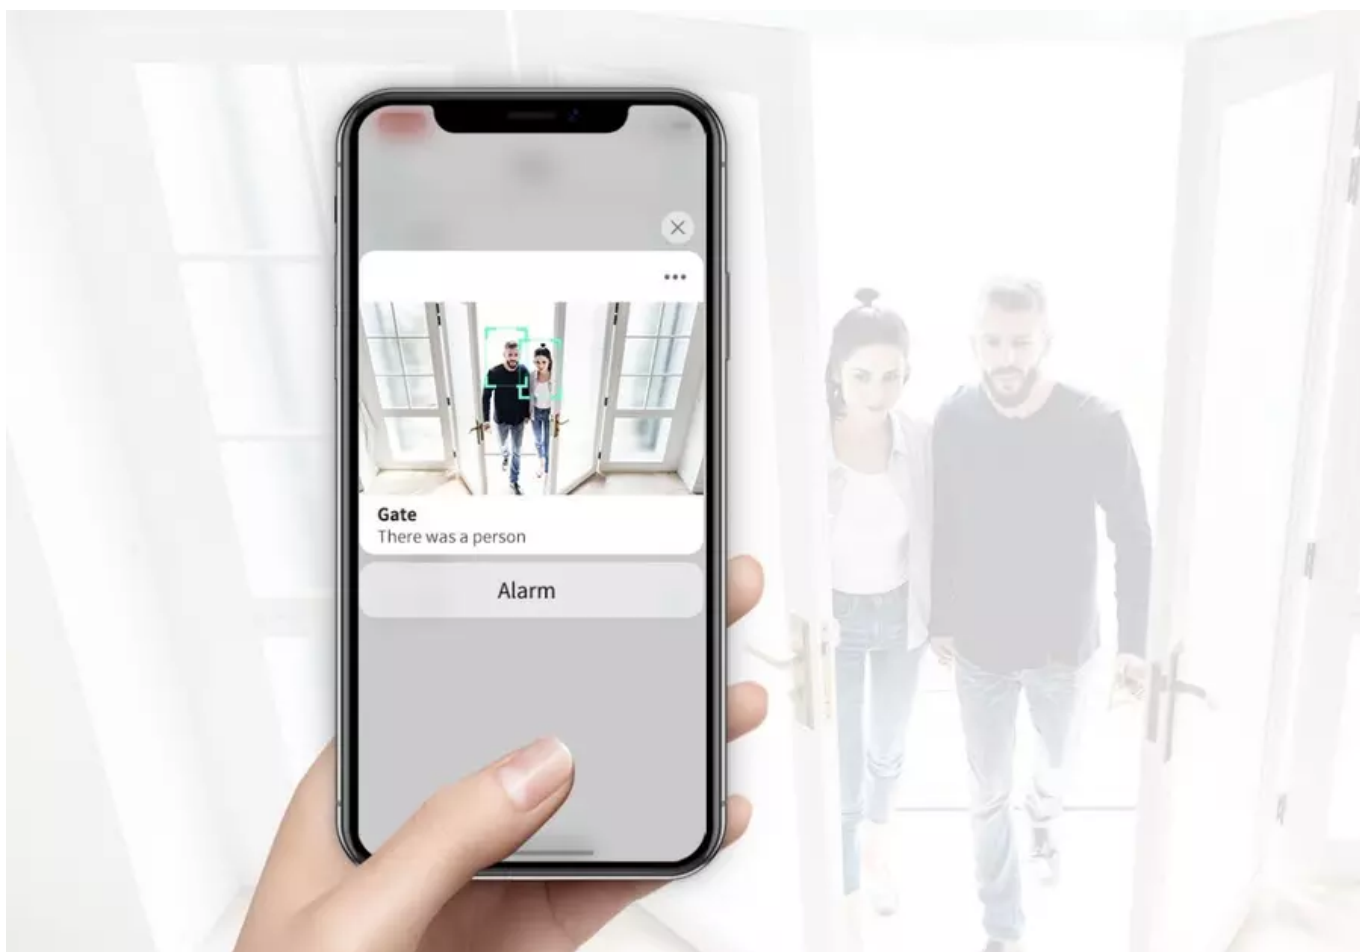

Object recognition with the help of cloud-based intelligence

The **Extralink CubeX80** 's motion sensor activates the camera, real-time object analysis and recognition takes place in the cloud, and **notifications** are instantly sent to the app on your smartphone. The **artificial intelligence recognition algorithm intelligently** distinguishes between people, vehicles and pets by analyzing their behavior.

Smart notifications

Set a target category in the app, and the **AI cloud** system will send notifications only when targets are detected. No more unnecessary notifications.

Activity Zones

Precisely draw customized activity zones in the mobile app. Irrelevant information outside this area will be filtered out.

Two-way audio for live communication

With a built-in waterproof and dustproof microphone and Hi-Fi speaker, the **Extralink CubeX80** camera enables remote communication whenever you need it.

Waterproof and dustproof to IP65

The **Extralink CubeX80** camera has passed a rigorous waterproof test according to Seiko Manufacturing's international standards. Regardless of the weather conditions, the camera will keep you safe 24/7.
