Information:

The Black Forest SUP board 305 x 81 x 15 cm is a stable and comfortable option for recreational paddling on lakes, rivers and calm waters. Its wide design makes it easier to keep your balance, so it is ideal for beginners, family trips and relaxing on the water. The rigid body made from 2700 GSM drop-stitch material provides good control, while the 3 mm EVA foam increases comfort and grip. The double-layer side panels reinforce the edges, and the adjustable aluminium paddle with TPR grips can be adapted to the user. The board is easy to inflate and pack away, and the complete set includes a pump, backpack, leash, fins and a repair kit.

Full product description

The perfect SUP board for beginners and intermediates

The SUP model SUP-2017 paddleboard is an excellent choice for beginners and intermediates who are looking for a sturdy and stable paddleboard. With a width of 81 cm and a length of 305 cm, it provides exceptional stability on the water, making it an ideal choice for those just starting their paddleboarding adventure.

Durable design and comfort

Made of high-quality materials such as nylon, EVA foam and PVC, the SUP-2017 board is durable and resistant to damage, and provides comfort and convenience. With a maximum load of 130 kilograms, the board is perfect for a variety of conditions, whether on lakes, rivers or seas.

Complete equipment and excellent performance

The board comes with a backpack for transport, fin, pump, paddle and repair kit, ensuring that it is fully ready for use right after purchase. The maximum working pressure of 15 psi guarantees optimum hardness of the board, which translates into excellent performance on the water. A displacement of 260 liters allows comfortable swimming and makes the board suitable for recreational use.

Aesthetics and functionality in two colors

Available in pink, the SUP-2017 board is not only functional, but also aesthetically pleasing, fitting in perfectly with modern trends in the world of water sports. With a weight of 11 kilograms (13 kilograms with packaging), it's light enough to be easily carried, while offering sturdiness and durability that will ensure comfort and safety during any trip on the water.
