Price: **699.00 zł** gross / 568.29 zł net

Manufacturer: EXTRALINK

Referention number: DNXGHPQFRMMLL

Information:

The Black Forest SUP board 320 × 81 × 15 cm is a stable model for recreational paddling on lakes, rivers and other calm waters. Its wide design makes it easier to keep balance, and the 15 cm thickness increases rigidity once inflated. Made from 2700 GSM drop-stitch material, it features reinforced double-layer sides and 3 mm non-slip EVA foam for better grip and comfort. The removable large fin improves tracking, while the included safety leash increases convenience and safety during learning and relaxing on the water. A repair kit is also included.

Product features

Length	3200 mm
Product colour	Green
Board concave shape	Flat
Board profile	Flat
Type	Stand Up Paddleboard (SUP)
Product weight	12000 g

Full product description

A board for lovers of water adventures

The SUP-2016 is an ideal choice for beginner and intermediate swimming enthusiasts who appreciate comfort and stability on the water. Its

optimal length of 320 cm and width of 71 cm provide excellent handling, making it perfect for both leisurely workouts and relaxing excursions. With a maximum load capacity of up to 150 kilograms, the board will be perfect for adult users of different physiques.

Unmatched durability and stability

Made of durable materials such as nylon, EVA foam and PVC, the SUP-2016 board guarantees exceptional resistance to damage and years of use. The thickness of 15 cm and working pressure of up to 15 PSI translate into a rigid and extremely stable structure, making it easy to maintain balance. In addition, the non-slip surface increases safety and comfort while swimming.

Functionality in a minimalist design

Distinguishing itself from elaborate kits, the SUP-2016 offers the key accessories you need to start your paddleboarding adventure. You'll find a fin to improve maneuverability and a practical safety line to prevent you from losing your board if you fall into the water. This is perfect for those who already have some of the equipment or prefer simplicity and minimalism.

Fresh design and versatile character

The SUP-2016 model impresses with its modern turquoise and white color scheme, which blends perfectly with the aquatic landscape. The lack of seat mounting and light weight (only 12 kg) emphasize its purpose for dynamic stand-up swimming. It's an excellent option for anyone who wants to start their paddleboarding adventure in a simple and rewarding way.
