Full product description

Extralink portable tactical flashlight with rechargeable battery and additional side light

The Extralink flashlight is small and lightweight, suitable for everyday carry. Convenient to pack in a pocket, backpack, glove box, camping or survival kit. The flash and SOS functions are lifesavers when making road repairs or calling for help. It can emit a maximum of **700 lumens at a distance of 400 meters**. Illuminate an entire room or backyard with ease. The sidelight can be used as a maintenance light, work light or emergency backup light at home.

Powerful and practical, the perfect gift for anyone

The general purpose tactical flashlight is the perfect gift for family, kids, friends, scout or student for any occasion. The flashlight is shock, water and temperature resistant, making it ideal for any outdoor activity; take it with you on hikes, camping, biking and more; the flashlight is durable enough to withstand accidental dropping, as well as water.
