Price: **119.00 zł** gross / 96.75 zł net

Manufacturer: EXTRALINK

Referention number: DNXGGJISFRMMIP

### Information:

The Extralink EPB-067W power bank with a capacity of 10000 mAh provides multiple charges for a smartphone or tablet and convenient power throughout the day. It supports Fast Charge up to 22.5 W from a single port and USB-C charging at 18 W, which helps reduce the time needed to top up the battery. The durable, elegant casing and digital display enhance ease of use, while the high-density lithium-polymer battery ensures safety, reliability and high performance.

### Product features

|                             |                         |
|-----------------------------|-------------------------|
| Micro-USB port              | Yes                     |
| Charging source             | USB                     |
| Fast charging               | Yes                     |
| Battery capacity            | 10000 mAh               |
| USB Power Delivery (USB PD) | Yes                     |
| Charger compatibility       | Mobile phone/Smartphone |
| USB Type-C ports quantity   | 1                       |
| USB Type-C connector        | Yes                     |
| On/off switch               | Yes                     |
| Total output power          | 22.5 W                  |
| Built-in radio              | No                      |
| Input interface             | Micro-USB + USB Type-C  |
| Battery technology          | Lithium Polymer (LiPo)  |
| Product colour              | White                   |

|                                                  |        |

Full product description

Power bank 10000 mAh 22.5W Fast Charge by Extralink - fast, efficient charging

The **Extralink EPB-067W power bank** supports **Fast Charge** function of **up to 22.5 watts** via a single port. The **high capacity of 10000 mAh** is enough to charge one device multiple times, satisfying all-day power needs.

# Powerbank

# 10000mAh

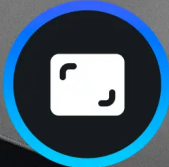

OUT1 OUT2 IN TYPE-C

High capacity

Robust case

Built-in digital display

Fast charging with up to 22.5W via a single connector

## Features of Extralink EPB-067W powerbank

- High capacity of 10000 mAh
- Fast Charge with up to 22.5W of power from a single port
- Elegant durable housing
- Digital display
- Fast charging from Type-C port with 18W of power

## High capacity and fast charging Fast Charging

The **Extralink EPB-067W power bank** has enough capacity of **10000 mAh** to charge a smartphone or tablet multiple times. Thanks to its high charging power of **22.5W Fast Charge**, the whole process takes little time.

# Charging via **TWO USB PORTS**

## Input:

Micro USB: **5V=2A**    Type-C: **5V=2.4A**  
**9V=2A**                      **9V=2A**  
**12V=1.5A**                    **12V=1.5A**

## Output:

USB 1: **5V=4.5A**    USB 2: **5V=3A**    Type-C: **5V=3A**  
**9V=2A**                      **9V=2A**                      **9V=2.22A**  
**12V=1.5A**                    **12V=1.5A**                    **12V=1.67A**

## High-density, high-security lithium polymer battery

The lithium-polymer battery in Extralink's high-density power bank means safety and performance at a high level. Extralink **Power Bank** guarantees best-in-class chip protection while improving charging performance.

The image shows a white Extralink Power Bank with a black smartphone attached to its front. The power bank has a digital display showing 75% and text indicating PD 22.5W, Support 22.5W, and Support fast charge 870. A black cable is connected to the top of the power bank. The background features a blue and white gradient with diagonal light streaks.

## High-density lithium polymer battery with a high level of safety

The high-density lithium polymer battery in the Extralink Power Bank means safety and performance at a high level. The Extralink Power Bank guarantees best-in-class chip protection while increasing charging performance.
