Full product description

Extralink EVAN Switch - 16 Gigabit ports for the rack

Extralink EVAN is a 16-port switch with a throughput of 1000 Mb/s, with the possibility of mounting in a rack.

Features:

- Compliant with IEEE802.3 10Base-T Ethernet, IEEE802.3U 100Base-TX, IEEE802.3ab 1000Base-T specifications
- Capacity up to 16 Gbps

- 16 10/100/1000 Mbps TX ports with authentication
- Full/Half-Duplex operation possible on each TX port
- IEEE802.3x standard flow control for full duplex mode
- Auto MDIX function for automatic TX/RX exchange
- 8K MAC address table support
- LED indicators for simple diagnostics
- Plug and Play
