Full product description

Ideal for storing and handling cable reels - Extralink FXZH-1 reel stand

This product combines solid performance, functionality and an attractive price, making it an excellent choice for any professional. The Extralink FXZH-1 is designed for ease of use and durability to meet the demands of the most demanding users.

High strength

The Extralink FXZH-1 can be loaded with up to 1.5T, making it **ideal for storing heavy cable reels**. The product is made of the highest quality materials, which guarantees its durability and longevity. The robust design ensures stability and safety during use, which is crucial for efficient operation.

Ease of use

The Extralink FXZH-1 drum rack has a horizontal design, making it easy to load and unload drums. Thanks to its well-thought-out design, **the rack's assembly and disassembly is quick and easy**, saving time and effort.

Universal application

The Extralink FXZH-1 has been designed for use in a variety of environments, both in enclosed warehouses and open construction sites. The product is ideal for cable network companies where regular handling and storage of heavy reels is required. Thanks to its dimensions and robust design, **the rack can be used in a wide range of applications**, adapting to the customer's needs.
