Full product description

Innovative oil-free fryer for the whole family

The Extralink Air Fryer Dual Basket is the ideal solution for families looking for a **healthy and convenient way to prepare meals**. Thanks to hot air technology and **two independent compartments** with a total capacity of 10 litres (6L + 4L), you can fry different dishes at the same time, saving time and energy. This advanced appliance combines the functionality of an **XXL oil-free fryer** with modern kitchen equipment tailored to the needs of an active family.

TWO BASKETS FOR EASIER COOKING

Cook two different dishes at the same time!
Independent temperature control for each basket.

Dual compartment - double convenience and time savings

The unique design of the oil-free fryer with **2 compartments** allows different dishes to be prepared at the same time. In one compartment you can easily cook chips, and in the other meat or vegetables, eliminating the need to wait. This is a solution that works well in everyday cooking, when **time matters** and each family member has different taste preferences.

LARGE, EASY-TO-READ CONTROL PANEL

Healthy cooking with minimal fat

Our hot air fryer reduces fat use by **up to 90%**, which means crispy, juicy dishes without unnecessary calories. It is an excellent choice for parents who want to care for the health of their children and the whole family, offering tasty but light meals. Say goodbye to oil splashes and unhealthy frying — now you can enjoy **delicious food without guilt**.

Fast and energy-efficient cooking - 2500W power

Thanks to **2500W power and an advanced hot air circulation system**, the fryer quickly reaches the optimum temperature, allowing meals to be prepared in no time. **The appliance is energy-efficient**, using less electricity than traditional cooking methods. This is a **healthy, eco-friendly way to make quick dishes** that saves both time and energy while caring for the environment!

**Energy-efficient cooking with rapid heating
and effective air circulation**

LESS ENERGY, MORE FLAVOUR!

Temperature control and timer for full control

The Air Fryer Dual Basket provides full control over the cooking process thanks to **precise temperature adjustment from 80°C to 200°C and a built-in timer**. With these functions, you can perfectly tailor the settings, achieving **the perfect texture and taste of dishes**, without worrying about burning or drying out the ingredients.
