Full product description

Innovative oil-free fryer for the whole family

The Extralink Air Fryer Dual Basket is the ideal solution for families looking for a healthy and convenient way to prepare meals. Thanks to hot air technology and two independent compartments with a total capacity of 10 litres (6L + 4L), you can fry different dishes at the same time, saving time and energy. This advanced appliance combines the functionality of an XXL oil-free fryer with modern kitchen equipment tailored to the needs of an active family.

**Energy-efficient cooking thanks
to fast heating and efficient
air circulation –
LESS ENERGY, MORE FLAVOR!**

Healthy cooking with minimal fat

Our hot air fryer reduces fat use by up to 90%, which means crispy, juicy dishes without unnecessary calories. It is an excellent choice for parents who want to care for the health of their children and the whole family, offering tasty yet light meals. Say goodbye to oily splashes and unhealthy frying — now you can enjoy delicious food without the guilt.

360°

FULL AIR CIRCULATION

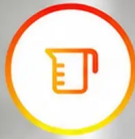

Dual compartment - double convenience and time savings

The unique design of the oil-free fryer with 2 compartments allows different dishes to be prepared at the same time. In one compartment you can easily cook chips, and in the other meat or vegetables, eliminating the need to wait. It is a solution that works well in everyday cooking, when time matters and each family member has different taste preferences.

Intuitive operation and precise temperature control

The Air Fryer Dual Basket oil-free fryer is equipped with a large control panel with 8 cooking programmes and temperature adjustment from 80°C to 200°C. Thanks to the built-in timer, you have full control over the cooking process — from gentle warming to intensive grilling. This appliance makes cooking simple, quick and efficient.
