Fast and efficient cooking with 1500W power

High power significantly reduces meal preparation time, which is especially important in busy family life. This means the Extralink Home SJ-500 air fryer provides **quick, tasty and healthy meals** every day, without the need to preheat a **traditional oven**.

Variety of Dishes

Easy cleaning and durability — comfort in every kitchen

The basket and tray with a **non-stick coating** can be washed in the dishwasher, which makes keeping the appliance clean much easier. The automatic shut-off function with an audible signal provides comfort and safety, and the appliance's construction is **durable and designed for intensive use**, ideal for **families with children**.

Even Cooking:

This technology ensures even distribution of hot air around the food, enabling even cooking and crispiness on every side.

Better Frying Results:

Thanks to the air circulation around the food, dishes are fried evenly, minimizing the need to turn them during cooking.

Faster Cooking:

More effective air circulation can reduce cooking time compared to traditional methods, which also helps save energy.

Healthier Meals:

Even frying without the need for large amounts of oil lets you prepare healthier meals with lower fat content.
