Price: **0.89 zł** gross / 0.72 zł net

Manufacturer: EXTRALINK

Referention number: DNXFLNLMJRMMOJ

Information:

The SC duplex blanking plug is a practical component for fibre optic patch panels, protecting the equipment inside from the ingress of dust and contaminants from outside. Thanks to its dimensional compatibility with the SC duplex or LC quad connector, it ensures convenient and reliable use in fibre optic installations. This simple solution increases equipment protection and helps maintain order and reliability in patch panels.

Product features

Product type	End cap
Material	ABS
Product colour	Black

Full product description

SC duplex plug

The cap is designed for fibre optic switches. Its task is to protect the equipment inside the switches against the penetration of dust from outside.

The product dimensionally corresponds to a SC duplex or LC quad connector.
