Price: **167.34 zł** gross / 136.05 zł net

Manufacturer: EXTRALINK

Referention number: DNKGJOKOMRMNHP

Information:

The Extralink 1500W waffle maker is a practical appliance for quickly making up to 4 crispy waffles at once, ideal for the whole family. Thanks to its high power, it heats up quickly and bakes evenly, while the browning control lets you make waffles exactly how you like them. The non-stick coating makes cleaning easy, and the LED indicators show when it is ready to use. The stainless steel housing is durable and elegant, and the cool-touch surface and non-slip feet increase safety and stability during use.

Full product description

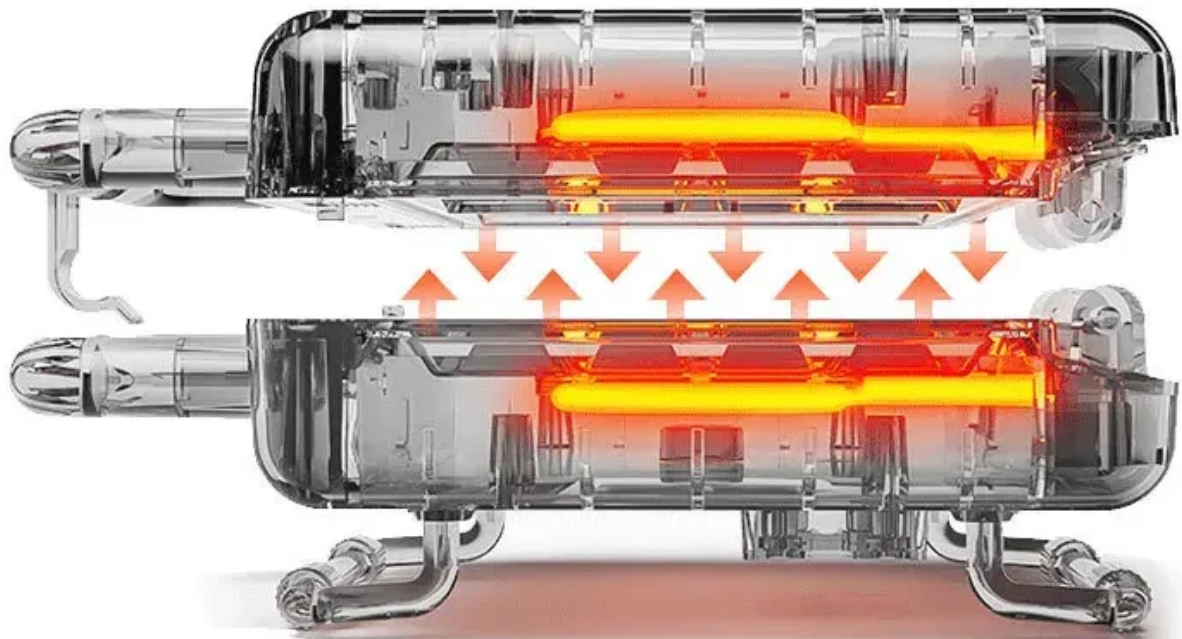

Quick and Delicious Waffles for the Whole Family - Discover the Waffle Maker That Will Make Your Life Easier!

Dreaming of crispy, golden waffles that you can prepare effortlessly? This **waffle maker** will make home baking a real pleasure. Thanks to it, you can prepare up to **4 waffles** at once in no time, and the intuitive operation and easy cleaning will make you love it from the very first use. This is a device that cares about your convenience and lets you enjoy the taste of your favourite treats.

Power and Performance That Delight the Palate

The **waffle maker** offers an impressive **1500W** of power, which means it heats up in an instant and is ready to use within moments. No more long waits for the right temperature! The high power enables **fast and even heating** of both plates, resulting in perfectly baked **waffles** every time. What is more, with the ability to prepare **4 waffles at once**, you can easily serve a delicious breakfast or dessert for the whole family without having to wait long. The **deep moulds** are ideal for creating fluffy **Belgian waffles** that will delight every foodie.

Cooking Without Stress - Easy Cleaning and Control

Forget about stubborn scrubbing! This **waffle maker** has been equipped with a **non-stick coating**, which means the batter does not stick to the plates. As a result, **easy cleaning** is no longer just a promise, but a reality – simply wipe the appliance with a damp cloth after it has cooled down. What is more, the **adjustable browning control** allows you to tailor the crispness of the waffles to your preferences, from lightly golden to well done. The **LED indicator** shows when the appliance is ready for use and when the correct temperature has been reached, making operation even easier.

Safety and Style in Your Kitchen

When designing this **waffle maker**, every detail was considered. The **stainless steel housing** not only looks elegant, but is also durable and easy to keep clean. An important feature is that the housing remains **cool to the touch** during operation, which increases safety, especially in homes with children. The **non-slip feet** ensure stability on the worktop, and the compact design allows for **easy storage** and saves space in the kitchen. This is a device that combines **high-quality components** with functionality and aesthetics.

The Extralink 1500W Waffle Maker is an excellent choice for:

- Families who value shared meals and quick desserts.
- Lovers of **Belgian waffles** and other baked treats.
- People who often host guests and want to prepare treats quickly.
- Those looking for an appliance that is **easy to use and clean**.
- Anyone who values **safe** and efficient solutions in the kitchen.
